

City of Westminster

Committee Agenda

Title: **Licensing Urgency Sub-Committee**

Meeting Date: **Thursday 25th April, 2024**

Time: **10.00 am**

Venue: **Rooms 18.01 - 18.03 - 18th Floor, 64 Victoria Street, London, SW1E 6QP**

Members: **Councillors:**

Aziz Toki (Chair)
Karen Scarborough

Maggie Carman

Members of the public are welcome to attend the meeting and listen to the discussion Part 1 of the Agenda

Admission to the public gallery is by ticket, issued from the ground floor reception at City Hall from 10am. If you have a disability and require any special assistance please contact the Committee Officer (details listed below) in advance of the meeting.

An Induction loop operates to enhance sound for anyone wearing a hearing aid or using a transmitter. If you require any further information, please contact the Committee Officer, Sarah Craddock.

scraddock@westminster.gov.uk
Corporate Website: www.westminster.gov.uk

Note for Members: Members are reminded that Officer contacts are shown at the end of each report and Members are welcome to raise questions in advance of the meeting. With regard to item 2, guidance on declarations of interests is included in the Code of Governance; if Members and Officers have any particular questions they should contact the Head of Legal & Democratic Services in advance of the meeting please.

AGENDA

PART 1 (IN PUBLIC)

1. MEMBERSHIP

To report any changes to the membership.

2. DECLARATIONS OF INTEREST

To receive declarations by Members and Officers of the existence and nature of any pecuniary interests or any other significant interest in matters on this agenda.

3. PAVEMENT LICENCES

(Pages 7 - 12)

**Stuart Love
Chief Executive
18 April 2024**

In considering applications for premises licences under the Licensing Act 2003, the sub-committee is advised of the following:

POLICY CONSIDERATIONS

The City of Westminster statement of licensing policy applies to all applications where relevant representations have been made. The Licensing Sub-Committee is required to have regard to the City of Westminster statement of Licensing Policy and the guidance issued by the Secretary of state under Section 182 of the Licensing Act 2003.

GUIDANCE CONSIDERATIONS

The Licensing Authority is required to have regard to any guidance issued by the Secretary of State under the Licensing Act 2003.

PERMITTED TEMPORARY ACTIVITIES

The licensee of any premises is entitled under the Licensing Act 2003 to apply for permission to hold temporary events, authorising licensable activities instead of or in addition to any activities that may be authorised by a premises licence, subject to the following restrictions:

- 1) No more than 12 events over a total of 21 days may be held at any one premises in any year
- 2) Each event must last for no more than 168 hours
- 3) There must be 24 hours between each event
- 4) The number of people at each event must be less than 500.

A Temporary Event Notice for each event (a TEN) is required to be given to the licensing authority, the police and environmental health service no later than 10 working days before the event for a 'standard' TEN or 5 to 9 working days before the event is due to begin for a 'late' TEN. The licensing authority is required to send an acknowledgement by the next working day.

Once a Temporary Event Notice is given the police and environmental health service have a right to object to the event if they are satisfied that the event will undermine any of the licensing objectives of preventing crime and disorder, prevention of public nuisance, protection of children from harm and promotion of public safety. They must serve an objection notice stating their reasons as to why the objectives would be undermined to the licensing authority and the premises user within 3 working days of receiving a copy of the TEN. The licensing authority is required to hold a hearing and may issue a counter notice which will prevent the event taking place.

LIVE MUSIC ACT 2012

The Live Music Act amends the Licensing Act 2003 by:

- removing the licensing requirement for amplified live music taking place between 8am and 11pm before audiences of no more than 200 persons on premises authorised by a premises licence or club premises certificate to supply alcohol for consumption on the premises (at a time when those premises are open for the purposes of being used for the supply of alcohol for consumption on the premises), subject to the right of a licensing authority to impose conditions about live music following a review of a premises licence or club premises certificate
- removing the licensing requirement for amplified live music taking place between 8am and 11pm before audiences of no more than 200 persons in workplaces not otherwise licensed under the 2003 Act (or licensed only for the provision of late night refreshment)
- removing the licensing requirement for unamplified live music taking place between 8am and 11pm in any place, subject to the right of a licensing authority to impose conditions about live music following a review of a premises licence or club premises certificate relating to premises authorised to supply alcohol for consumption on the premises
- removing the licensing requirement for the provision of entertainment facilities
- widens the licensing exemption for live music that is integral to a performance of Morris dancing or dancing of a similar type, so that the exemption applies to both live or recorded music instead of just unamplified live music in that instance.

CORE HOURS WHEN CUSTOMERS ARE PERMITTED TO BE ON THE PREMISES

(As set out in the Council's Statement of Licensing Policy)

- For premises for the supply of alcohol for consumption on the premises:

Friday and Saturday: 10:00 to midnight

Sundays immediately prior to Bank Holidays: Midday to midnight

Other Sundays: Midday to 22:30

Monday to Thursday: 10:00 to 23:30.

- For premises for the supply of alcohol for consumption off the premises:

Monday to Saturday: 08:00 to 23:00

Sundays: 10:00 to 22:30.

- For premises for the provision of other licensable activities:

Friday and Saturday: 09.00 to midnight

Sundays immediately prior to Bank Holidays: 09.00 to midnight

Other Sundays: 09.00 to 22.30

Monday to Thursday: 09.00 to 23.30.

Licensing (Urgency) Committee Report

City of Westminster

Licensing (Urgency) Committee Report

Decision Maker:	Licensing (Urgency) Committee
Date:	25 April 2024
Title:	Pavement Licences
Wards Affected:	All
Report of:	Mark Wiltshire - Director of Public Protection & Licensing

1. Executive Summary

- 1.1 This has become an urgent decision because the legislation, unexpectedly commenced on 31 March and the Licensing Service is receiving applications and therefore a decision is required urgently as applications must be determined within 28 days or they are automatically granted for 2 years.
- 1.2 The Levelling Up & Regeneration Act 2023 became law last year, the provisions to make the pavement licence scheme permanent were not immediately commenced. It was anticipated that it would happen later in this year.
- 1.3 The council has historically issued Tables & Chairs licences under the City of Westminster Act, typically there was approximately 900 licences.
- 1.4: In response to Covid, temporary legislation was introduced as part of a package of economic driven reforms. The Business and Planning Act 2020 created the pavement licensing regime, along with other legislative measures. The City of Westminster Act ran in parallel with the pavement licensing process, and the City Council has been issuing pavement licences to businesses to facilitate outdoor dining under these powers.
- 1.5: The temporary legislation and was due to expire at the end of September 2024, however, the government has made the scheme permanent, with some amendments, through the Levelling Up & Regeneration Act which received royal assent last year and came into force on Sunday 31 March 2024. This means applicants who are seeking permission for tables and chairs (and other furniture) in connection with the consumption of food and drink, are required to apply under

Licensing (Urgency) Committee Report

the Business and Planning Act 2020 for a pavement licence rather than applying under the City of Westminster Act.

2. Recommendations

2.1 A decision is required on what fee should be set.

At present, the fee is based on the maximum permitted fee setting allowed.

2.2 **Recommendation:** To set the fee at the statutory maximum, that is £500 for new applications and £350 for renewal applications.

2.3: Its further recommended that as licences granted under the City of Westminster Act will automatically lapse and not be renewable at their expiration, any premises holding such a licence shall be treated as a renewal under the new regime (as long as such an application is made before the expiration of the existing licence) and the scope of the application is exactly the same as the application under the granted licence.

3. Reasons for Decision

3.1 The Levelling Up & Regeneration Act became law last year, the provisions to make the pavement licence scheme permanent were not immediately commenced. It was anticipated that it would happen later in the year but it unexpectedly commenced on 31 March and the Licensing Service is already receiving applications and therefore a decision is required urgently as applications must be determined within the 28 days or they are automatically granted for 2 years.

3.2 The fees for a new licence and a renewal of an existing licence are set by the Act to a maximum of £500 for a new application and £350 for a renewal of a licence respectively. The council does have discretion on what to charge, up to the maximum, but it is a recommendation that the fee should be set to the maximum for the reasons specified below.

3.3 The Business and Planning Act 2020 initially set the fee up to a maximum of £100. This was a significant reduction from the fees for tables & chairs licence under the City of Westminster Act and did not cover the Council's costs of processing, inspecting, monitoring and enforcing the pavement licensing regime.

3.4 Processing a pavement licence application takes on average 3 to 4 hours for a renewal application and 5 to 6 hours for a new application. For renewal applications, this time includes the time to validate the application, ensuring that all the relevant paperwork has been provided with the application and the correct fee has been paid. Time is also spent undertaking the consultation process and once the consultation period has ended, assessing any comments and/or

Licensing (Urgency) Committee Report

objections made by Environmental Health, Highways Planning and local residents and other persons who have made any representations, determining the application and granting or refusing the application.

- 3.5 For new applications, or where there is a significant change from a previous licence, this will be similar to the above but will also include additional time to ensure the suitability of the proposed location, the number of tables and chairs proposed etc, and assessing the merits of the application.
- 3.6 The fully on costed, hourly rate of a licensing Officer is approx. £100, therefore setting the Renewal fee at £350 and the fee for new grants at £500 would allow the council to recover the cost for processing these applications however, it will still not allow the recovery of the cost of inspecting, monitoring and enforcing the pavement licensing regime.

4. Background, including Policy Context

- 4.1 The council has historically issued Tables & Chairs licences under the City of Westminster Act, typically there was approximately 900 licences.
- 4.2: In response to Covid, temporary legislation was introduced as part of a package of economic driven reforms. The Business and Planning Act 2020 included provision for pavement licences. The City of Westminster Act ran in parallel for existing pavement licences, and the City Council has been issuing pavement licences to businesses to facilitate outdoor dining under these powers.
- 4.3: The temporary legislation was due to expire at the end of September 2024, however, the government has made the scheme permanent, with some amendments, through the Levelling Up & Regeneration Act which received royal assent last year and came into force on Sunday 31 March 2024.
- 4.4: The original legislation required applications to be determined within a 14-day window from receipt of the valid application and the licence must be issued for a minimum of 3 months from the start date. The application cost was set at the maximum of £100. This was a significant reduction from the fees for tables & chairs licence under the City of Westminster Act and did not cover the Council's costs of processing, inspecting, monitoring and enforcing the pavement licensing regime.
- 4.5: If a licence is not determined within the given timescales the licence was deemed granted. In the original legislation this time frame was 14 days. Under the permanent legislation this has been extended to 28 days.
- 4.6: Since the introduction of the pavement licence scheme in 2020, these licences have only been issued for a 6-month period.

Licensing (Urgency) Committee Report

5. Impact of the Levelling Up and Regeneration Act on the Business and Planning Act

5.1 The Levelling Up & Regeneration Act makes the provisions for pavement licensing regime permanent.

5.2 The Act also makes several amendments to the original scheme including:

- Amending the fees councils can charge applicants, increasing it from £100 up to £350 for premises which already hold a pavement licence, and up to £500 for new applicants.
- Extends the public consultation period and council determination period from 7 days to 14 days.
- Extends the maximum duration of pavement licences from 1 year to 2 years. The length of a licence is still at the discretion of the local authority.
- Provides that pavement licences can also be amended by the local authority with the consent of the licence holder if it is considered that the conditions on the licence are not being met.
- Prohibits a local authority from granting a tables and chairs licence under the old regimes, if a pavement licence is capable of being granted under the Act.
- Inserts a new enforcement schedule providing powers to the local authority to remove furniture if a premises is not abiding by its pavement licence conditions and hours.

5.2 One of the benefits of the pavement licence procedure is that once a pavement licence is granted by the local authority, the premises will benefit from deemed planning permission for the furniture for the duration of the pavement licence. This will not change.

6 Financial Implications

6.1 In 2023/24 the Council determined 1705 pavement licence applications. In addition to that the team processed 352 tables and chairs licences under the City of Westminster Act and recovered £1,096,025 in revenue income from these processes. It is important to recognise that this is not profit, as this income is used to provide both the administrative process.

6.2 Now that the provisions of the Levelling Up and Regeneration Act make the pavement licence scheme permanent it also has the effect of prohibiting the

Licensing (Urgency) Committee Report

council from issuing tables and chairs under any other legislation. Therefore, it is no longer possible to issue licences under the City of Westminster Act.

- 6.3 The fees for a new licence and a renewal of an existing licence are set by the Act to a maximum of £500 for a new application and £350 for a renewal of a licence respectively. The council does have discretion on what to charge, up to the maximum, but it is a recommendation that the fee should be set to the maximum.
- 6.4 Assuming the number of pavement licences remain consistent, and the licence fee is set at the maximum, the future income forecast for the next financial year would be £770,00 for renewals plus however many new applications are received. In addition to that, there are currently over 200 old tables and chairs licences under the City of Westminster Act. If they wish to renew, they will be required to apply for a pavement licence. This could be a further £140,000 annually.
- 6.5 With both fees set at the maximum level and renewals continuing to be required every 6 months, this will be within the current budgeted income target along with offsetting the costs of the administrative process, inspection and enforcement.

7. Legal Implications

- 7.1 In addition to the legal implications are contained within the body of this report.
- 7.2 When determining pavement licence applications, the Council must have regard to the Guidance issued by the Secretary of State.
- 7.3 Paragraph 2.1 of the Guidance states that to help support local businesses and give them more certainty, the expectation is that local authorities are pragmatic and will grant licences for the maximum period of 2 years, unless there are good reasons for granting a licence for a shorter period such as plans for future changes in use of road space.
- 7.4 The Council will need to consider a number of factors, when determining whether to approve a pavement application. These include whether local conditions might be needed to make it possible to approve an application which would otherwise be unacceptable.
- 7.5. When setting local conditions and determining applications, the Council will also want to consider the following factors:
 - public health and safety including security – for example, any reasonable crowd management measures needed as a result of a licence being granted;

Licensing (Urgency) Committee Report

- public amenity – will the proposed use create nuisance to neighbouring occupiers by generating anti-social behaviour, and litter;
- accessibility – taking a proportionate approach to considering the nature of the site in relation to which the application for a licence is made, its surroundings, and its users, taking account of:
- considerations under the no-obstruction condition including the cumulative impact of multiple pavement licences in close proximity, in particular considering the needs of disabled people and any other temporary measures in place that may be relevant to the proposal, for example, the reallocation of road space. This could include pedestrianised streets and any subsequent reallocation of this space to vehicles;
- whether there are other permanent street furniture or fixed structures in place on the footway that already reduce access; and
- other users of the space, for example if there are high levels of pedestrian or cycle movements.

7.6 There is no statutory right of appeal in relation to the Council's decision in relation to a pavement licence application.

8. Equality Implications

8.1 S.149 of the Equality Act 2010 places a duty on local authorities to have due regard to the need to eliminate unlawful discrimination, to advance equality of opportunity between people who share a protected characteristic and to encourage good relations between those who share a protected characteristic and those who do not. The Council has had due regard to this duty when setting the fees and specifying the conditions which should be attached to the pavement licence.

8.2 When determining applications, the licensing authority will give due regard to the public and highway safety of other highway users in line with all the criteria it will take into account in determining whether or not an application should or should not be granted. The statutory conditions also take account of the needs of persons with mobility and visual impairments.
