## 2. Representations

2-A Responsible Authorities	
<b>Responsible Authority:</b>	The Licensing Authority
<b>Representative:</b>	Shannon Pring
<b>Received:</b>	7 <sup>th</sup> December 2017

I write in relation to the application submitted for a variation of a Premises Licence for the following premises –

As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011 the Licensing Authority have considered your application in full. The Licensing Authority has concerns in relation to this application and how the premises would promote the Licensing Objectives:

- Public Nuisance
- Prevention of Crime & Disorder
- Public Safety

The premises is located within the West End Cumulative Impact and as such a number of policy points must be considered.

The variation application seeks to reduce the size of the area adjacent to the bar (hatched area on the plan) that is referred to in Condition 37 of the current licence. To remove Condition 38(c) which states that alcohol served in the hatched area must be by Waiter/Waitress service to persons seated. And to amend condition 38(a) to reduce the capacity of the people in the hatched area from 50 to 40.

We are concerned that despite there being a reduction in the overall capacity within the hatched area, the removal of Condition 38(c) may lead to increased vertical drinking within that area, from patrons that have finished their meal who could then continue to drink in the hatched area.

Point 2.4.21 of the Council's Statement of Licensing Policy states that 'The council therefore considers that where applications for licenses to sell alcohol for consumption of the premises are made and are (i) are appropriately conditioned so that the consumption of alcohol is not, and cannot become, a significant part of the operation of the premises and is regulated to promote responsible drinking; (ii) where the character of the premises is such that its customers are not likely to be involved in sustained or heavy drinking at later hours; then permitting the sale of alcohol for consumption on the premises is unlikely to add to cumulative impact in the cumulative impact area'. It is for this reason that we object to the removal of condition 38(c).

Please accept this formal representation.

<b>Responsible Authority:</b>	The Environmental Health Service
<b>Representative:</b>	Anil Drayan
<b>Received:</b>	5 <sup>th</sup> December 2017

I refer to the application to vary the Premises Licence for the above premises which is located in the West End Cumulative Impact Area.

The applicant has submitted new plans of the ground floor, drawing no 03/02/B, dated 02/03/12.

**The following variations are being sought:**

1. To reduce the size of the area where bar use is allowed and which is referred to in condition 37 as "the hatched area" and the smaller area is shown on the ground floor plan attached to this application.
2. To remove condition 38(c) which states "the sale of alcohol in that area [the hatched area] will be by waiter/waitress service only to persons seated".
3. To amend condition 38(a) by reducing the number of customers who are allowed in the hatched area (referred to in paragraph 1 and 2 above) from 50 to 40".

**I wish to make the following representations based on the plans submitted and the supporting operating schedule:**

1. No representation
2. Removal of condition 38(c) may lead to an increase in Public Nuisance in the West End Cumulative Impact Area
3. No representation

The effect of removing condition 38(c) in its entirety may lead to a 'vertical drinking bar' of the type which usually has the most impact in a Cumulative Impact Area. Environmental Health therefore considers that the proposed reduction in capacity would be a matter for the Licensing Sub-Committee to ascertain whether that would provide sufficient mitigation.

However Environmental Health may be able to withdraw its representation if the proposed variation of condition 38 is worded thus:

*38. In the hatched area –*

- a) There shall be no more than 40 customers in that area during core hours at any one time.*
- b) Save for persons taking a table meal as defined in condition 37, the sale of alcohol in that area will be restricted to the Council's Core Hours (Monday to Thursday 10:00 to 23:30, Friday to Saturday 10:00 to 00:00 and Sunday 12:00 to 22:30).*
- c) The sale of alcohol in that area will be by waiter/waitress service or at the bar adjacent to the hatched area*
- d) Where the consumption of alcohol in that area shall only be by persons seated.*

**2-B Other Persons****Received:** 5<sup>th</sup> December 2017

I understand that this application if successful means the Big Easy will be allowed to permit drinking of alcohol WITHOUT a substantial meal, and to REMOVE the need for alcohol to be sold by a waiter/ess to persons seated i.e. vertical drinking.

In other words more alcohol consumed, as and when customers please.  
The Council's statement of Licensing does not favour vertical drinking due to increased nuisance from customers leaving the bar.

The license application details can be found here:

<https://www.westminster.gov.uk/comment-on-a-licence-application>

Personally, as a close neighbour (I live in the same building), I would be affected with more anti-social behaviour around the premises with extended opening hours. In time, the License Variation could 'creep' further into a different category where the bar could have a greater emphasis on its business, rather than a restaurant. Therefore I believe this application goes against WCC stated objectives, being:

1. prevention of public nuisance
2. prevention of crime and disorder
3. public safety
4. protection of children from harm

I ask you to consider my objections in the light of the above stated concerns.

**Received:** 6<sup>th</sup> December 2017

I am objecting to this variation based on the grounds of increased public nuisance, increased potential of crime and disorder, public safety and protection of children from harm. Many customers currently loiter outside the venue, littering and blocking traffic flow in an already congested area. Young families resort to pushing prams onto the road rather than on the confines of the pavement in a tourist driven area. The removal of condition 38(c) eliminates the control of serving alcohol with a substantial meal and to be served by a waiter/ess. The inevitability is that vertical drinking gives greater emphasis as a bar area, increasing the likelihood of bar goers leaving the 'restaurant' consuming more alcohol, causing greater disturbance to neighbours and therefore a public nuisance. The proposed application to vary the license does not prevent public nuisance, nor prevent crime and disorder. Maiden Lane does not need another vertical drinking establishment. The application is also contrary to Policy CIA1 of the City Council's Statement of Licensing Policy. The application does not in my view address the underlying reasons for having the policy, and so is incapable of constituting 'genuinely exceptional circumstances' to allow an exception to the Policy to be made. I live at the rear of the development – several floors above the restaurant. Heavy goods (kegs) are moved to and from the stores throughout the night at unsocial hours of between 11pm to 8am, causing noise and vibration to be transferred through the building structure. Greater consumption of alcohol on the premises will only exacerbate the issues I have been experiencing over the years, which have not been resolved despite a great deal of time and effort expended on my part in corresponding with and meeting Council officers and the owner. Note that I was offered to view CCTV footage by the restaurant owner to confirm that nobody was moving kegs, or inside the restaurant in the early hours - i have not had a reply back. The fire alarm has been set off numerous times over the past 6 months, causing the fire brigade to attend

at times of between 11pm to 6am. Our alarm panel indicates the triggered zone to be from the Big Easy on every occasion. I also have concerns relating to other current licence conditions, regarding rubbish/waste disposal. I have been awoken by the movement of rubbish/waste from the premises early in the morning, notwithstanding the relevant conditions on the licence prohibiting this.

7<sup>th</sup> December 2017

In respect of Maiden London Limited's application to vary its premises licence, application reference **17/12907/LIPV**, our client, Mr Simon Ruddick, of Apartment 14, 14 Bull In Court, London WC2R 0NP wishes to make the following representation on the application. He has tried to submit this application through your 'make a comment' facility on your website, but the comments could not be submitted owing to an "error in the system" (please see the screenshot attached). We therefore set out his representation below.

#### **Representation of Mr Simon Ruddick**

As a resident who is directly affected by the actions of The Big Easy, I am concerned by any proposals which may result in them having a greater bar capacity, particularly for "vertical drinking", as well as any proposals which may put pressure on the restaurant meaning that the cooling equipment on the roof of my flat has to work harder resulting in an increased risk of noise and vibration. I am very anxious that the Council is mindful of these issues when considering this application, particularly in view of the difficulties caused by their past activities which resulted in me and my wife having to move out of our flat and bring legal action against the restaurant to deal with the plant they put on our roof without planning permission. The removal of waited service in the bar area has the potential to increase the risk of greater disturbance to neighbours, including myself, as more customers may come in for drinks alone, as opposed to having a seated meal. This may mean that the customers stay drinking for longer, without having a meal, and on departing the venue, cause disturbance to the neighbouring residents.

A further matter I think it is very important for the Council to consider is the nuisance caused by the constant triggering of the fire alarm in the building. The alarm sounds both in the restaurant and the flats where I live which is disturbing particularly late at night. I ask that the Council makes enquiries of the London Fire Brigade to ascertain how many times it has been called to the premises, and the building. I understand there may be proposals to separate The Big Easy's fire alarm from the residents' one, however we have yet to be consulted. I do not know if there is a genuine prospect of this happening, but in any event I do not believe it would be the right solution, not least because I am not confident that the Big Easy will take its management responsibilities in respect of the fire alarm and fire risk generally sufficiently seriously.

End of representation.

I am writing as a neighbour, being resident at Flat 2, 13-14 Maiden Lane, London, WC2E 7NE to register an objection to the licensing variation proposal 17/12907/LIPV. My comments are as below.

"I would like to express my objection for this application, on the grounds that variation of permission being sought (in particular removal of condition 38c) appears to extend the likelihood of anti-social behaviour in the immediate surrounds as reduction of the seated capacity is negated by alcohol being able to be served to standing patrons.

The ground-floor properties in the immediate vicinity are primarily commercial. As a residential tenant I am already subject to noise until a late hour and more often than not start the day with the sight of empty beer bottles crowding my doorstep. I can only foresee this unpleasant

behaviour becoming more prevalent should this application be approved, not to mention the potential increase in disorderliness and unsavoury personal misconduct on the streets. The age of many of the properties on Maiden Lane should be taken into consideration - many do not have a significant amount of noise insulation today as it stands and I fear any further opportunity for increased alcohol consumption, loitering and drink-fuelled arguments will only result in many more irate calls by residents to WCC's Noise Abatement team. This variation of condition appears to fly in the face of the original intent of this premise - as a restaurant first and foremost - evidenced by the planning permission previously sought which placed great emphasis on the kitchen. The objections received indicate that the activities of this establishment have been something fellow residents and commercial tenants have already been putting up with for an extended period of time. Any precedent set by approval of this application could result in further development of the bar at the expense of the restaurant, and as residents already have 3 others on the street to contend with (Maple Leaf, Porterhouse, Mabel) this does not seem to be in line with neighbourly best interests and the reputation of Covent Garden.

I would urge the rejection of this application in view of the unquantifiable further social ills that could arise, which ultimately harms public safety."

### 3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

<p><b>Policy CIA1 applies:</b></p>	<p>(i) It is the Licensing Authority's policy to refuse applications in the Cumulative Impact Areas for: pubs and bars, fast food premises, and premises offering facilities for music and dancing; other than applications to vary hours within the Core Hours under Policy HRS1.</p> <p>(ii) Applications for other licensable activities in the Cumulative Impact Areas will be subject to other policies, and must demonstrate that they will not add to cumulative impact in the Cumulative Impact Areas.</p>
<p><b>Policy HRS1 applies:</b></p>	<p>(i) Applications for hours within the core hours set out below in this policy will generally be granted, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>(ii) Applications for hours outside the core hours set out below in this policy will be considered on their merits, subject to other relevant policies.</p>
