1. Executive Summary

- 1.1 The Council is required to determine the allocation of places on standing committees to political groups in accordance with the proportionality rules (except in relation to the Licensing Committee). Members of Committees and Sub-Committees are appointed by the Chief Executive in accordance with the wishes of the political groups following a notification process provided that, save in the case of the Licensing Committee, the appointments are in accordance with the proportionality rules. Those committees which will need to will meet on the rising of the Annual Council Meeting to determine the allocation of places on their Sub-Committees. The names of the Members appointed to Committees and Sub-Committees is set out in Appendix A.
- 1.2 The Leader of the Council is responsible for the appointment of Cabinet Members and for the allocation of duties (terms of reference). The Cabinet Members as appointed by the Leader and their terms of reference are unchanged and these are set out in the Council's Constitution. The Leader of the Council has indicated that for the purposes of this report there are no changes to the Cabinet.
- 1.3 Provision has been made for an additional Planning Applications Committee to be established. This is reflected in recommendation 2.1 together with the resultant changes to the Members Allowances Scheme. See paragraph 3.7 below.

2. Recommendations

- 2.1 That the Council determine the allocation of places on the following standing committees and notes the names of the Members appointed to them (including any changes), following notification by the respective Party Whips, as set out below and detailed in Appendix A.
- 2.2 That the Council confirm the proportional division of seats on the Standing Committees including the establishment of an additional Planning Applications Committee with the same terms of reference as Planning Applications Committees (1) to (4) as shown in column 3 of Appendix A as set out below:

Committee	Members	Proportionality	
		Con	Labour

Planning (2)	4	3	1
Planning (3)	4	3	1
Planning (4)	4	3	1
Planning (5)	4	3	1
	76	56	20

* In addition there are 4 Co-opted Members with voting rights

- 2.3 That the Members Allowances Scheme be amended as set out in paragraph 3.7 below.

3. Background

- 3.1 The Council is required, under the Local Government & Housing Act 1989 (ss. 15-17) and the Regulations made under that Act, to comply with political balance rules when appointing 'Ordinary' Committees (i.e. committees appointed under Sections 101 and 102 of the Local Government Act 1972).

3.2. The Rules provide that seats on 'Ordinary' Committees must be allocated in line with the following principles in order of precedence:

(a) That not all seats on a body are allocated to the same political group.

(b) That the majority of seats on the body are allocated to a political group, which has a majority of the Council's membership.

(c) That, subject to principles (a) and (b) above, the total number of seats across all the ordinary Committees shall be allocated to each political group in the proportion of their size on the Council as a whole.

(d) That, subject to principles (a) to (c) above, seats on each individual body shall be allocated to each political group in the same proportion as to their size on the Council as a whole.

3.3. Principle (d) (but not principles (a), (b) or (c)) also applies to sub-committees and advisory committees.

3.4. The political balance of the authority (60 councillors) is as follows:

Conservative	44 councillors = (73.33%)
Labour	16 councillors = (26.67%)

3.5. The proportion by which seats on Committees should be allocated is 73.33% Majority Group and 26.67% Minority Group. This equates with rounding on the basis of 76 committee seats, to 56 Majority Party and 20 Minority Party. These figures reflect the proposal to establish an additional Planning Applications Committee.

3.6. Membership of the Council's Standing Committees (except the Licensing Committee/Sub-Committee) and Sub-Committees is governed by Standing Order 28 which, in accordance with the Local Government (Committees and Political Groups) Regulations 1990, as amended, provides for Members of Standing Committees and Sub-Committees to be those whose names have been notified by the duly appointed party group officer to the Chief Executive, who is the duly appointed proper officer for these purposes. The Chief Executive has delegated power to appoint to all Standing Committees (except the Licensing Committee) and their Sub-Committees in accordance with any notification received under the Regulations.

3.7. Both political groups on the Council are required to notify the Chief Executive of the names of the Members allocated a seat on the Standing Committees, Sub-Committees and subsidiary bodies. It is for the Council to note the Committee memberships as set out in Appendix A to this report and for the Committees in due course to note their Sub-Committee memberships. In addition, the Standing Committees will, at a meeting held on the rising of the Annual Council Meeting where necessary, be asked to note the proportionality of Members on

their Sub-Committees and also to elect a new Chairman where they have been nominated.

- 3.5 The names and their terms of reference as notified by the Leader of the Council of Cabinet Members are unchanged from those previously reported and are set out in the Council's Constitution.
- 3.6 The proposal to establish an additional Planning Applications Committee reflects the need to share the burden of the increasing number of applications which require detailed Committee consideration. Whilst some recent Planning Committees have seen low numbers many over the last few years have seen increasingly complex reports which require consideration of, eg EIAs or viability assessments, etc. The Council consistently receives more than 12,500 applications a year compared to 10,000 five years ago and subsequently more cases go to Planning Committees. All the Planning reports, including the representations, have to be carefully read over the weekend by the Committee Members in advance of the meeting on the following Tuesday. With Members occasionally substituting for other Planning Committees they can often lose two weekends in a month to carry out their Planning duties. There is also an increasing number of Members who are interested in becoming part of the planning decisions process. If we are going to increase the number of cases going to Committee establishing a further Planning Applications Committee would ensure the rota for Members is evenly spread. This is reflected in recommendation 2.1 above.
- 3.7 The Council, if it wishes to pay allowances, must adopt a scheme with effect from 1 April each year. The Council, on 2 March 2016, approved the Members Allowances Scheme for 2016/17. The Council may amend the scheme at any time but must have regard to the views of the Independent Panel. Further to the recommendation to establish an additional Planning Applications Committee it is recommended that the Council approve the following amendment to the Members Allowances Scheme, the changes proposed are consistent with the adopted scheme :

Delete: Provision for Vice-Chairmen of Policy and Scrutiny Committees to receive a Special Responsibility Allowance of £2,000 each (save £8,000). Provision for a nominated Majority Party member and a Minority Party member as a reserve on Planning to receive a Special Responsibility Allowance of £2,000 each (Save £4,000).

Add: Provision for an additional Planning Committee Chairman to receive a Special Responsibility Allowance of £4,000. Provision for 3 additional Planning Application Committee members to receive a Special Responsibility Allowance of £2,000 each (£6,000).

4. Legal Implications

4.1 The Legal implications are contained within the report.

5. Financial Implications

5.1 Subject to the changes to the Members Allowances Scheme being adopted, there are no financial implications arising from this report as the costs can be met from within the existing budget provision.

The Majority Party had selected Item Number 44 on the Future Policy Plan: Education. The debate will be referred to the relevant Executive Director for consideration when reporting on the subject.

13 NOTICE OF MOTION

The Minority Party had selected for debate the Notice of Motion as set out on the agenda. The Notice of Motion was moved by Councillor Guthrie McKie and seconded by Councillor Barbara Grahame.

Councillor Daniel Astaire moved and it was seconded by Councillor Susie Burbridge that the Notice of Motion be amended as follows:

Delete all after "This Council notes with regret, the continuing delays to the Futures Plan for Church Street. Phase 1 of the plan was voted on by residents and is" and add:

"an ambitious regeneration project to improve the quality and number of homes in the Church Street area as well as deliver community facilities, infrastructure and greening.

Whilst unfortunate, a number of factors have contributed to this delay, including delays caused by the discovery of infrastructure on site and the need to work around the requirements of utility companies, which has been lengthy and costly. Nevertheless, plans are ongoing. As a result of the regeneration to the area, the elderly residents of Penn House are to be rehoused into new 1 bedroomed self-contained flats, replacing outmoded bedsits. This will be at Lisson Arches and also provide much needed business space

Moving forward with the implementation and extension of the Futures Plan will involve a new phase of community engagement, in which residents and businesses will continue to have a voice in shaping the proposals. The Council is developing with its partners in the statutory and voluntary sectors further tools to engage with all stakeholders, including extending the membership of the Futures Steering Group and working closely with the Neighbourhood Forum.

During the current fiscal year planning consent will be sought for the new development at Luton Street where residents have had a strong voice in the design process and design has begun on the Green Spine running from Lisson Street to Fisherton Street. The team to deliver the Neighbourhood Keepers programme has been appointed and work has begun on further design work to accelerate the delivery of new homes. New homes have now been delivered in Orchardson Street, again where residents led the design process. Options are being considered for Cosway Street to deliver a significant number of new homes that benefit the community.

This is an ambitious, complex and lengthy programme that the Council is committed to delivering in partnership with residents. The engagement and project management team is well resourced and making progress on all outstanding projects.

We ask that the Full Council endorses the on-going commitment of resident engagement to supporting implementation of the regeneration work in Church Street which is a process requiring careful consideration of all options to ensure that we make best use of public money and that proper governance and transparency in decision making is in place with the relevant Cabinet Members."

During the course of his reply Councillor Guthrie McKie accepted the amendment moved by Councillor Astaire and seconded by Councillor Susie Burbridge.

The Lord Mayor put the Notice of Motion, as amended to the vote, and on a show of hands declared the Notice of Motion, as amended, to be **AGREED**.
