If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation. 3. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises. 13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives. 14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days

	are expected to be covered by Temporary Event Notices or variation applications

SCZ1 Policy Submissions

1. The premises is already licensed as Mint Leaf, reference 21/04992/LIPT. Following the completion of a new lease for the premises, this was transferred into my client's name.
2. The premises licence 21/04992/LIPT has only 1 condition on it. The premises previously traded as Mint Leaf. Mint Leaf and was a fine dining premises with a cocktail bar and was used for events
3. There has also never been a review against this existing licence, or, according to our searches and enquiries, any major concerns over the years (it was a converted licence from 2005 and was also trading before this under the old licensing regime). This shows that the operation of Mint Leaf showed no history of concerns or crimes for a fine dining premises and cocktail bar in this location
4. The premises, under me client's operation, will remain as it was previously- It will be a fine dining restaurant with ancillary bar.
5. As you will see from the proposed plans, the premises is a rectangle shape. More than half of the venue is back of house and kitchen space to show the premises is well equipped to operate as a full restaurant. There is a bar at one end of the premises (basement lounge) where patrons can have a drink (and eat as well- there is a separate bar food menu for this area to encourage eating here). There is also a small wine tasting area next to this. The main central space is the restaurant area. There is a private dining area included in this space. You will see a piano on the plans and this will feature in the operation, providing background live music. At the other end of the premises is a restaurant lounge area (restaurant lounge). To access this you will need to be invited by senior management. There is seating for all in this area as well and food will be provided here too. The premises is a sophisticated operation, well staffed, well known chef and restricted by the proposed conditions.
6. A new lease was entered into on 14 May 2021. The head lessor is the Crown and they have been very strict in the operating style. The operation was previously (prior to the lease being completed) approved by both the lessor and head lessor.
7. The lease imposes very strict user provisions and this was not changed from when Mint Leaf operated. The "Permitted Use" under the lease is for use as a high class restaurant and ancillary bar and whose principal purpose is the sale of food.
8. The trading concept is approved under the lease and cannot be changed without approval from the lessor and head lessor (the Crown)
9. Attached is a concept/ design booklet showing decadence and expense of fitout to match the fine dining experience.
10. My client reinforces the concept approved by the lessor and the head lessor, the Crown by way of a proposed condition that reads "The principal purpose of the venue shall be a restaurant with ancillary bar use, where the sale of food is the principal purpose"
11. It is noteworthy that under this application the applicant is proposing 40 conditions dealing with policy considerations and all of the licensing objectives. The conditions fully dictate how the premises can operate. The premises cannot become a bar, club, sev venue or the like. Food sales must be the primary focus of the venue (by proposed condition and under the lease so there is double protection)
12. It is also noted that the Licensing Authority is concerned that restaurant premises do not operate as "vertical drinking" premises where customers consume alcohol standing throughout the evening. You will see from the proposed conditions that the proposed capacity and available seating levels are the same number- 300- so seating for all patrons will be offered.
13. The capacity proposed under this application is less than the capacity of Mint Leaf. The capacity of Mint Leaf was 500. (This is shown on the marriage licence which had a

capacity of: 'Mint Leaf Main Restaurant - 400 Jaipur Room – 100'). So this application represents a decrease in capacity of 40%, or 200 persons.

14. We also note that Mint Leaf also held a marriage licence so there were large events happening at the venue, meaning the conditions proposed for events are not new.
15. In respect of paragraph D48, in addition to points raised above we also say the following:
 - a) Given the nature of the premises, our own research indicates the Mint Leaf was not the focus of any of the crimes mentioned.
 - b) This application proposes, in its operating schedule a myriad of up to date and enforceable conditions restricting the trade and promoting the licensing objectives to ensure moving forward the venue is not adding to any cumulative impact in the neighbouring areas.
 - c) Full Restaurant conditions are agreed for main restaurant space with some relaxation in other areas, just like Mint Leaf- but with more clarity for enforcement purposes.
 - d) In respect of incidents relating to ambulance call outs at night to the locations of licensed premises for intoxication, injury related to intoxication and/or assault, we rely on the style of operation. Fine dining restaurants have minimal call outs for all of these concerns. WCC policy recognises restaurants normally represent a low risk to the licensing objectives if sufficient conditions and controls are in place. We would submit the 40 proposed conditions are adequate controls
 - e) There will be a personal licence holder on duty on the premises at all times when the premises are authorised to sell alcohol.
 - f) There will be CCTV at the premises.
 - g) There will be high service levels at the premises
 - h) There will be a door host at the venue welcoming patrons and assisting with transport away from the premises
 - i) Clientele of fine dining restaurant are less likely to use public transport. Clientele much more likely to use taxis or drive to the venue.
 - j) The premises' dispersal policy shall be made readily available at the premises for inspection by a police officer and/or an authorised officer of Westminster City Council
 - k) We also note the premises has an external smoking courtyard in the basement so my client will be able to keep the entire operation within building confines/boundary. This will eliminate groups outside the premises
 - l) Persons attending the premises will have restaurant bookings and will arrive at set times so there will not be queuing outside the venue
 - m) There is parking outside the venue for cars and motorbikes, as well as loading bays
 - n) There are no licensable activities on the ground floor of the premises- it is all in the basement so persons passing will not be drawn into the experience
 - o) The immediate location is not saturated with licensed premises- 5 within 75 metres we believe. There are offices in the rest of the building and no immediate residential neighbours. Entrance to the premises is also just off Haymarket in Suffolk Place so off the main thoroughfare. This premises is the only licensed venue on the block.
 - p) The licensable hours premises nearby have are mixed and so the proposed hours are not repeated in any of the nearby licensed premises so the venue, even trading as a fine dining restaurant with ancillary bars will not add to increased persons on the street at key times, and patrons of other licensed premises will not leave at the same time

The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives. 14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. - Environmental Health Service (Anil Drayan)
- Licensing Authority (Daisy Gadd)
- [REDACTED]
- Soho Society (Richard Brown)

Summary of issues raised by Objectors

- The application if granted would undermine the licensing objectives. The venue is located in the West End Cumulative Impact Area, a locality where there is traditionally high levels of crime and disorder and this application will cause further policing problems in an already demanding area.
- The hours requested for Regulated Entertainments, the Supply of Alcohol, the provision of Late-Night Refreshment and the non-standard timings may lead to an increase in Public Nuisance.
- There are concerns as to how the premises would promote the four licensing objectives. The operating hours applied for licensable activities currently fall outside core hours.

Policy Position

Policies CIP1, HRS1, MD2, PB2 and CIA apply under the City Council's Statement of Licensing Policy. The Premises are located within West End Cumulative Impact Area and, as such, the Applicant must demonstrate that the application will not add to cumulative impact in the West End Cumulative Impact Area.

SUBMISSIONS AND REASONS

The Presenting Officer, Ms Donovan summarised the application to the Sub-Committee. She confirmed that this was an application for a New Premises Licence made on behalf of the Applicant, John McKeown Clubs Limited.

Mr. Anil Drayan on behalf of Environmental Health Services stated that, as the Applicant had agreed to the proposed conditions, the Environmental Health Service no longer had any objections to the application.

Mr Drayan did, however, draw to the Sub-Committee's attention the following:

- a. The premises used to operate as Shadowlands Nightclub and, as such, had generated a number of complaints to the Environmental Health Service about noise transfer from the nightclub to residential premises above the nightclub;

- b. The Applicant had agreed not to change the sound limiter setting which had been set by the Environmental Health Service in accordance with the operation of the premises as a Sexual Entertainment Venue;
- c. Enquiries to City Inspectors who inspected the premises every quarter confirmed that, having checked the records, there had been no issues with the way in which the premises had operated;
- d. The Environmental Health Service advised against any changes in conditions that would allow the premises to revert to a nightclub operation.

Mr. Bromley-Martin QC, for the Applicant, stated that the Applicant had agreed with the Environmental Health Service that the premises would not operate as nightclub should the licence be granted.

PC Bryan Lewis on behalf of the Metropolitan Police Service, stated that the Police objected to the exclusion of Condition 9, as this would allow the premises to operate as a bar, should a new licence be granted.

In response to member's questions, PC Lewis stated that there had been no recent reports of nuisance relating to these premises.

Ms. Daisy Gadd, on behalf of the Licensing Authority, noted that this was an application to permit licensable activity outside Core Hours for a time limited basis until September 2021.

Ms. Gadd stated that the Council's policy was not to refuse applications for licences that went beyond Core Hours, but to consider each application on its merits. Applicants were expected to consider issues such as dispersal.

Ms Gadd stated that the main concern for the Licensing Authority was the temporary change in the way alcohol would be sold at the premises as the licence, if granted, would permit the operation of a bar. The Council's policies on pubs and bars would have to be taken into consideration as there was the potential for the premises to be used exclusively or primarily for the consumption of alcohol which would require the Applicant to rely on exceptional circumstances that would allow the Sub-committee to depart from the policy.

Ms. Gadd stated that, as the premises were located in a Cumulative Impact Area (CIA), the Sub-Committee have to be satisfied that should the licence be granted on a temporary basis, this would not add to the cumulative impact in the area.

Mr. Richard Brown, from the CAB Licensing Project, representing the Soho Society, stated that his purpose in attending the meeting was to clarify the position of The Soho Society, and to consider the proposal that the premises might operate as a restaurant and any concerns this might raise.

Mr. Brown stated that during the consultation period, it was noted that Mr. McKeown had met with some of the residents living above the premises to explain why the application was being made. He stated that the Sexual Entertainment Venue (SEV) had been excluded from reopening as part of the relaxation of the Coronavirus Regulations.

Mr. Brown stated that in terms of impact on the licensing objectives, residents preferred that the premises operate as a (SEV) and not as a nightclub. Therefore, residents were willing to give the applicant some leeway with regard to the present application.

██████████ resident, stated the residents were concerned about the proposal that the premises might operate as a restaurant. In particular, residents were concerned that appropriate measures be in place for deliveries, odour extraction and waste disposal.

In response to a Member's question, Mr. Drayan, stated that the capacity of the premises operating as a SEV was 100. It had been agreed with the Applicant that, when there were changes to the Coronavirus Regulations, the Applicant would ensure that the premises operate in accordance with those changes.

Mr Drayan stated that regarding the operation of the premises as a restaurant, the Applicant had confirmed that the premises had a full height discharging extract ventilation and that odours should not cause a nuisance.

Mr. Bromley-Martin, QC, for the Applicant stated the following: -

1. The reason for the application was a direct result of the introduction of the Covid-19 Regulations resulting in the premises closing on 23rd March 2020, and in keeping with all Sexual Entertainment Venues (SEVs), unlike other hospitality venues, having to remain closed.
2. The representations by the Responsible Authorities and The Soho Society had been resolved by the Applicants agreement to further conditions.
3. Should the licence be granted, the two premises licences would not operate at the same time. Should the Government's Covid-19 Regulations permit the reopening of SEVs, the premises would operate under the SEV licence and not as a lounge bar.
4. Regarding policy considerations, Policy PB2 was relevant. Paragraph 2.5.23 of the Council's Statement of Licensing Policy dealt with exceptions to Policy PB2 where there were exceptional circumstances. The exceptional circumstances in this instance was the replacement of the existing licence with a similar licence with added conditions but excluding Condition 9 of the present licence.
5. Should the licence be granted, the replacement licence would operate in the same way as the existing licence. Therefore, there would be no effect on the Cumulative Impact Area.

Having carefully considered all the submissions made by all parties both orally and in writing, the Licensing Sub-Committee decided to **grant** the application subject to conditions.

The Sub-Committee decided that the Applicant had provided valid reasons as to why the granting of the application would promote the licensing objectives.

In reaching its decision, the Sub-Committee took into consideration all relevant matters which are not limited to the following:

1. Mr Drayan on behalf of the Environmental Health Service stated that enquiries to City Inspectors who inspected the premises every quarter, had no issues with the way in which the premises had operated;
2. The application was an exception to the Council's Statement of Licensing Policy and would not add to negative the Cumulative Impact Area;
3. The application was time limited until 30 September 2021, and the application was a replacement of the current Licence 19/03892/LIPDPS;
4. Having regard to the Applicant's submissions relating to the impact of the pandemic on the operation of the premises and the fact that the application was time limited deemed it sufficient to provide an exception to policy.

In conclusion, the Sub-Committee was satisfied that, in all of the circumstances of the case, it was appropriate and proportionate to grant the licence.

The application was granted subject to the following conditions in addition to the Mandatory Conditions applicable to this type of application:
