

Schedule of Full Equalities Impact Assessments (EIAs) for 2019/20 Budget Proposals

The schedule below sets out which budget proposals are deemed to require a full EIA to be produced. The associated EIA is then attached to this document for review. All other proposals have been assessed and deemed not to require a full EIA.

A lever arch file with assessments for all budget proposals will be available for review at the relevant scrutiny meetings. Given the volume of pages this would entail, only those assessed to require a full EIA are attached herewith.

EQUALITY IMPACT ASSESSMENT TEMPLATE

PLEASE ENSURE YOU READ THE GUIDANCE NOTES BEFORE COMPLETING THIS TEMPLATE

Completing an EIA is the simplest way to demonstrate that the Council has considered the equality impacts of its decisions and it reduces the risk of legal challenge. EIAs should be carried out at the earliest stages of policy development or a service review, and then updated as the policy or review develops. EIAs must be undertaken when it is possible for the findings to inform the final decision.

SECTION 1:

Title	3.20 – Review of Contracts
<p>What are you analysing?</p> <ul style="list-style-type: none"> • What is the policy/project/activity/strategy looking to achieve? • Who is it intended to benefit? Are any specific groups targeted by this decision? • What results are intended? 	<p>The following analysis is based on savings proposals that form part of the broader “Adult Social Care Commissioning Programme”.</p> <p>This proposals is associated with commissioned longer term care and support services and therefore were brought together into one overarching programme.</p> <p>The core aim of the programme is to deliver improved processes, better outcomes that maximise independence, more choice and personalised services.</p> <p>This supports Adult Social Care’s statutory duties under the Care Act 2014, whereby ASC is required to meet eligible needs under the national eligibility criteria.</p> <p>The underpinning business case for this work is based on the aim that we can continue to improve the quality of life that customers with eligible needs have and make a moderate level of continued savings by taking this approach.</p> <p>The programme incorporates the following projects and work streams. The initial position on EIA considerations is set out for each, however this is a preliminary assessment and there is a need for further analysis to manage equality in provisions with the constraints of the budget pressures to minimise risks. Where applicable proposals will have a final Impact Assessment, with input from residents, service users, and carers, undertaken prior to mobilisation in order to eliminate the potential for unlawful discrimination.</p> <p>MTP Ref. Summary</p> <p>3.20 Review of Contracts</p>

	<p>Strategic review of contracts across Adult Social Care to identify opportunities as part of the recommissioning cycle to deliver savings, whilst ensuring that providers are delivering effective, efficient services that deliver good outcomes.</p> <p>The review will be finalised in March 2019 and will be making recommendations around streamlining of contracts to deliver efficiencies and opportunities over the next financial year where there maybe potential opportunities to merge contracts that will result in lower costs.</p> <p>This will form part of the BAU commissioning processes and governance structures.</p>

<p>Date sent to Equalities@westminster.gov.uk</p>	
<p>Version number and date of update</p>	<p>V04 16-SEP-18</p>
<p><i>You will need to update your EIA as you move through the decision-making process. Record the version number here and the date you updated the EIA. Keep all versions so you have evidence that you have considered equality throughout the process. However <u>only</u> the most updated version will be saved in the Equalities SharePoint folder.</i></p>	

SECTION 2: Do you need to complete a full Equality Impact Assessment (EIA)?

Not all proposals will require a full EIA, the assessment of impacts should be proportionate to the nature of the project/policy in question and its likely impact. To decide on the level of detail of the assessment required consider the potential impact on persons with protected characteristics.

<p>2.1</p>	<p>Please provide an overview of who uses/will use your service or facility and identify who are likely to be impacted by the proposal</p> <ul style="list-style-type: none"> <i>If you do not formally collect data about a particular group then use the results of local surveys or consultations, census data, national trends or anecdotal evidence (indicate where this is the case). Please attempt to complete all boxes.</i> <i>Consider whether there is a need to consult stakeholders and the public, including members of protected groups, in order to gather information on potential impacts of the proposal</i>
------------	---

These proposals may impact individuals who currently access Adult Social Care. Further analysis and monitoring will be required to understand the extent of the impact of each proposal as the project is scoped. A final EIA will be completed in March 2019 as part of the Project, based on any recommendations that may have impacts on individuals.

At this stage it is not known what this impact will be and what particular contracts this may relate to as this will be part of the recommendations. Monitoring will continue throughout the lifecycle of the project.

It should be noted that access to services is determined by national guidance under the Care Act 2014. None of these proposals will change who is eligible for services from Adult Social Care.

The following is based on all people who have an adult social care package at 31 March 2018.

How many people use the service currently? What is this as a % of Westminster's population?	5,065 people access social care services representing 2.09% of the population <i>(based on the 2016 JSNA estimated Westminster resident population of 241,783)</i>

	<p>An updated EIA will be produced based on the recommendations of the review that will document any impacts and mitigation in further details.</p> <p>Impact Assessment, with input from residents, service users, and carers will be undertaken prior to mobilisation of any recommendations in order to eliminate the potential for unlawful discrimination.</p> <p>If any of the answers to the questions above is, “negative” or “unclear” you will need to undertake a detailed impact assessment.</p>

2.5	Based on your responses, should a full, detailed EIA be carried out on the project, policy or proposal
	<p>Yes <input checked="" type="checkbox"/> No <input type="checkbox"/></p>
2.6	Provide brief reasons on how have you come to this decision?
	<ul style="list-style-type: none"> • Adult Social Care has statutory duties under the Care Act 2014 and is required to meet eligible needs under the national framework and criteria. • The proposals do not impact on individual’s eligibility for services and are designed to improved processes, provide more choice and personalised services that provide better outcomes that maximise independence. • The need to ensure that the actions that result from these proposals do not disproportionately impact users within any protected characteristics. • Central to these proposals is working with the wider care and support market to ensure we maximise value for money while providing services that deliver better outcomes. • As each of the projects preliminarily covered in this EIA progresses, EIAs will then be co-produced with residents, service users and carers.

SECTION 3: ASSESSING THE IMPACT

In order to be able to identify ways to mitigate any potential impact it is essential that we know what those potential impacts might be. Using the evidence gathered in section 2, explain what the potential impact of your proposal might be on the groups you have identified. EQUALITY IMPACT ASSESSMENT TEMPLATE

PLEASE ENSURE YOU READ THE GUIDANCE NOTES BEFORE COMPLETING THIS TEMPLATE

Completing an EIA is the simplest way to demonstrate that the Council has considered the equality impacts of its decisions and it reduces the risk of legal challenge. EIAs should be carried out at the earliest stages of policy development or a service review, and then updated as the policy or review develops. EIAs must be undertaken when it is possible for the findings to inform the final decision.

Title	8.23 – Collaborative Commissioning
<p>What are you analysing?</p> <ul style="list-style-type: none"> • What is the policy/project/activity/strategy looking to achieve? • Who is it intended to benefit? Are any specific groups targeted by this decision? • What results are intended? 	<p>Collaborative Commissioning - This work is focused on two key areas. The first is the Emotional Wellbeing and Mental Health and CAMHS offer to schools, and is seeking to work with schools on the development of a whole school model of mental health and wellbeing support for children and young people. By collaborating with schools through a whole school, shared commissioning model the expectation is that value for money will be achieved and that provision will be made more accessible. In addition, adopting a strategic approach to shared commissioning and delivery will help to improve the consistency of the mental health and wellbeing offer available to children and young people. It is expected that school age children accessing tier 1 and 2 emotional wellbeing and mental health services will benefit from these changes.</p> <p>The second area will look at addressing contractual inefficiencies from existing related contracts. This includes a block contract arrangements and the deployment of seconded posts into Council teams. This will not adversely impact on front line delivery and will be delivered through contractual efficiencies.</p> <p>This EIA is draft and will be updated following consultation with schools in December 2018.</p>

SECTION 2: Do you need to complete a full Equality Impact Assessment (EIA)?

Not all proposals will require a full EIA, the assessment of impacts should be proportionate to the nature of the project/policy in question and its likely impact. To decide on the level of detail of the assessment required consider the potential impact on persons with protected characteristics.

<p>2.1</p>	<p>Please provide an overview of who uses/will use your service or facility and identify who are likely to be impacted by the proposal</p> <ul style="list-style-type: none"> <i>If you do not formally collect data about a particular group then use the results of local surveys or consultations, census data, national trends or anecdotal evidence (indicate where this is the case). 	<p>The proposals are subject to further engagement and consultation. Once these have been concluded in December 2018 there will be greater clarity about the potential impact or benefit from the related transformation work with schools. Prior to this there is some uncertainty around the impacts that it may have on the people with the protected characteristics which is marked as “unclear”. Following consultation and further development of the corresponding action plans this will either be re-assessed or a full EIA will be carried out.</p>

	<p>The proposals set out a number of options for market fees and charges, based on principles of fairness, cost recovery, support for local enterprise and sustainability and transparency. The options also include consideration for start-up businesses, individual concessions based on affordability, a tapered approach over two years, and concessions for WCC residents.</p> <p>These options form part of the consultation process, which encourages traders and stakeholders to comment on their most preferred two options and give comment on other discretionary services that they would like to see provided. Consultation is being undertaken through on line survey, workshops, focus groups, drop in sessions and walkabouts. Responses received by the completion of the consultation on 29th October will be considered and outcomes/ proposals recommended to Full Licensing Committee in November. A further EIA will be required once the consultation has been completed.</p>

Version number and date of update	
<p><i>You will need to update your EIA as you move through the decision-making process. Record the version number here and the date you updated the EIA. Keep all versions so you have evidence that you have considered equality throughout the process. However <u>only</u> the most updated version will be saved in the Equalities SharePoint folder.</i></p>	

SECTION 2: Do you need to complete a full Equality Impact Assessment (EIA)?

Not all proposals will require a full EIA, the assessment of impacts should be proportionate to the nature of the project/policy in question and its likely impact. To decide on the level of detail of the assessment required consider the potential impact on persons with protected characteristics.

2.1	<p>Please provide an overview of who uses/will use your service or facility and identify who are likely to be impacted by the proposal</p> <ul style="list-style-type: none"> <i>If you do not formally collect data about a particular group then use the results of local surveys or consultations, census data, national trends or anecdotal evidence (indicate where this is the case). Please attempt to complete all boxes.</i> <i>Consider whether there is a need to consult stakeholders and the public, including members of protected groups, in order to gather information on potential impacts of the proposal</i> 																																			
	<p>How many people use the service currently? What is this as a % of Westminster's population?</p>	<p>WCC Visits 2017/18: 1973062 WCC Active Members: 57990 WCC population: 226841 (Based on 2013 mid-year estimates*)</p> <p>The visits are the number of customers that come through the door. It includes residents and non-residents. The active members are, members who have used their library card at least once within the last year.</p>

2.2 Are there any groups with protected characteristic that are overrepresented in the monitoring information relative to their size of the population? <i>If so, this could indicate that the proposal may have a disproportionate impact on this group even if it is a universal service.</i>	<i>If yes, provide details.</i>			
2.3 Are there any groups with protected characteristics that are underrepresented in the monitoring information relative to their size of the population? <i>If so, this could indicate that the service may not be accessible to all groups or there may be some form of direct or indirect discrimination occurring.</i>	<i>If yes, provide details.</i>			
2.4	Does the project, policy or proposal have the potential to disproportionately impact on people with a protected characteristic? If so, is the impact positive or negative?			
	None	Positive	Negative	Not sure
Men or women	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
People of a particular race or ethnicity (including refugees, asylum seekers, migrants and gypsies and travellers)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disabled ⁴ people (consider different types of physical, learning or mental disabilities)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
People of particular sexual orientation/s	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
People in particular age groups (consider in particular children, under 21s and over 65s)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
People who are intending to undergo, are undergoing or have undergone a process or part of a process of gender reassignment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Impact due to pregnancy/ maternity	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

⁴ Disability discrimination is different from other types of discrimination since it includes the duty to make reasonable adjustments.

People of particular faiths and beliefs	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
People on low incomes	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If any of the answers to the questions above is, “negative” or “unclear” you will need to undertake a detailed impact assessment.

2.5	Based on your responses, should a full, detailed EIA be carried out on the project, policy or proposal
	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
2.6	Provide brief reasons on how have you come to this decision?
	A full EIA needs to be carried out in regard to the use of the library by children under the age of 15 whilst Smart Open in in operation, so that full mitigating actions can be explored.

SECTION 3: ASSESSING THE IMPACT

In order to be able to identify ways to mitigate any potential impact it is essential that we know what those potential impacts might be. Using the evidence gathered in section 2, explain what the potential impact of your proposal might be on the groups you have identified. You may wish to further supplement the evidence you have gathered using the table below in order to properly consider the impact.

Protected Group		Positive impact?			Negative impact? If so, please specify the nature and extent of that impact	No specific impact	If the impact is negative how can it be mitigated? Please specify any mitigation measures and how and when they will be implemented	What , if any, are the cumulative effects of this decision when viewed in the context of other Council decisions and their equality impacts
		Eliminate discrimination	Advance equality	Good relations
