Over the past 3 months there has been anincredible increase in the number of beggars on Queensway. I am fullysupportive of helping disadvantaged people and have always welcomed the who plays the cello sometimes outside Bayswater station, the who sells the big issue or a lady who for acouple of weeks sat outside Bayswater station and hopefully got the help Now though there are beggars every couple of meters (Icounted 5 just on one side of the street as I walked down Queensway only fromBayswater until the crossing with Westbourne Grove). They are there everyday and they seem to treat it like a job. I thought that begging soregularly was not allowed and would be monitored?What would you like us to do?

I live in Haymarket and am suffering from the noise and public nuisance caused by buskers producing music using amplified equipment and standing on the corner of Piccadilly Circus station/Regent Street/Shaftesbury Avenue . This often happens during the day, but also in the evening (in fact, it is happening right now at about 4pm on Friday afternoon). I'd be grateful if you could close these people down asap since they make work and sleep very difficult! Thank you very much. With best wishes,
