There are multiple buskers on this spot throughout the day, every day, and it is highly distracting to people in the surrounding offices. I just want to check whether this is an actual busking spot and if these people do have the required licenses to play there. Currently someone is on the steel pans who has been playing for 2 hours. At other times there are people with amplified guitars and drum  
Busker complaint 30/11/2015 09:41 sets, playing on trash and saucepans etc.  
The busker(s) are playing the saxophone at 10:00 pm, and I am not even sure if they are registered. They are very loud in this commercial but highly residential area. This has happened earlier and they have been reported earlier. Queensway may be a nice street, yet because of the arbitrary demonstrations of buskers, it is becoming more and more unbearable. I would appreciate if you could take
