<b>Responsible Authority:</b>	Licensing Authority
<b>Representative:</b>	Kevin Jackaman
<b>Received:</b>	27 April 2021

I write in relation to the application submitted for a variation of the premises licence for Flat White, 17 Berwick Street, London, W1F 0PT

As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011, the Licensing Authority have considered your application in full. The Licensing Authority has concerns in relation to this application and how the premises would promote the four Licensing Objectives:

- Public Nuisance
- Prevention of Crime & Disorder
- Public Safety
- Protection of children from harm

The application seeks the following:

1. To extend the hours for the sales of alcohol to 23:30 Monday to Thursday, 00:00 Friday and Saturday and 22:30 Sunday
2. Add late night from 23:00 to 23:30 Monday to Thursday and 23:00 to 00:00 Friday and Saturday
3. Amend conditions 27 and 28 of the current premises licence to permit the sale of alcohol without food and the remove the requirement of waiter/waitress service before 21:00
4. Add off sales of alcohol

The premises are located within the West End Cumulative Impact Area and as such various policy points must be considered, namely CIP1 and PB1.

Policy CIP1 states:

A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:

1. Vary the hours within Core Hours under Policy HRS1, and/or
  2. Vary the licence to reduce the overall capacity of the premises.
- C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.
- D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.

Policy PB1(B) states:

It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than:

1. Applications to vary the existing licence hours within the council's Core Hours Policy HRS1.
2. Applications that seek to vary the existing licence so as to reduce the overall capacity of the premises.

For the purposes of this policy a Public House or Bar is defined as a premises, or part of a premises that's primary use is the sale or supply of alcohol for consumption on those premises and/or for consumption off the premises for consumption outside the venue.

Notwithstanding that the application is only seeking to extend the hours within core hours, The Licensing Authority has concerns that the removal of the ancillary nature of the sale of alcohol before 21:00 will result in the premises becoming a bar therefore the impact in the cumulative impact area has potential to be far greater. In order to fully assess the application, the Licensing Authority require the applicant to make further submissions in respect of the following points:

- Why the variation is sought and will it result in a change in operating style
- How does the applicant intend to operate before 21:00?

It is also noted that the applicant has applied to add off sales from the premises. It is noted that the applicant has proposed a condition that "Save for customers seated in an external area, off-sales of alcohol shall be in sealed containers only. The Licensing Authority would seek further submission on how off sales will be operated from the premises?

The Licensing Authority's policies, in relation to the Cumulative Impact Areas, are directed at the global and cumulative effects of licences on the area as a whole. The Licensing Authority encourages the applicant to provide further submissions as to how the premises will not add to cumulative impact in the cumulative impact area, as per policy CIP1 and PB1.

The Licensing Authority looks forward to receiving further submissions from the applicant in due course.

Please accept this as a formal representation.

### **[REDACTED] Position**

- **The application:** seeks to extend to core hours, permit bar use until 21:00hrs, off sales and late night refreshment. The Operating Schedule provides very little detail of the operation, it fails to put forward a reason for this change of use or offer any additional conditions to address the impact of creating a new bar in the West End Cumulative Impact Zone. Flat White is a standard cafe, and according to their website its main focus is coffee. It also provides food in the form of all day breakfast, sandwiches, bagels, pastries. The application for the current licence 13/07127/LIPN received representations from local residents and the decision of the Licensing Sub-Committee on 14th November 2013 noted some important points. The applicant had agreed conditions with environmental health that ensured the premises would be operated as a restaurant (with a capacity of 30) and the operation would not be drink led. The licence was granted on this basis, however, these premises are not operating as a restaurant. **We object to the proposed bar use until 21:00hrs and off sales. The applicant has not provided a reason for turning this cafe into a bar from 10:00 to 21:00, a total of 11 hours which becomes the predominant use, cafe use being reduced to 1.5hrs (Sun), 2.5hrs Mon-Thurs) and 3hrs (Fri-Sat) respectively.** The nature of a cafe is fundamentally different to the characteristics of a bar as highlighted in the Cumulative Impact Assessment 2020, the use being associated with high levels of crime and disorder.
- **Soho and COVID:** [REDACTED] fully recognises the financial difficulties all businesses have suffered over the past year and we have generally been supportive of measures to help local businesses recover. However, the year on year increase in licensed premises has resulted in a deterioration and reduction in residential amenity. Protecting residential amenity is the key aim of the Licensing Objectives. This is supported by the new Statement of Licensing Policy 2021 which states in its Foreword to Policy Section, 'The licensing authorities proposed revisions to the statement of licensing policy will enable the hospitality and entertainment sectors to plan for the short and medium term, whilst maintaining the necessary protection for our residents and promoting the licensing objectives as a whole.'

- Soho has quickly recovered to pre-COVID times. The success of the Al Fresco scheme in 2020 has been replicated with even more people coming into Soho since the recent reopening on the 12 April. Photographs following the re-opening can testify to the huge numbers of people eating and drinking on the streets (Appendix 1&2). Chaos ensued, there being a complete lack of social distancing with large numbers queuing (not distanced) for tables which were tightly packed together, others were wandering around vertically drinking with alcohol sold from bars and shops. It cannot be said Soho is suffering from low footfall. This situation will deteriorate further when hospitality and entertainment venues open up in May and June with premises being able to open to their full licensing hours. The experience of that weekend resulted in the Police authorising a Section 35 Dispersal Order in Soho and the Strand, ‘A section 35 dispersal has been authorised from 13:00 hours the 24 April 2021 until 07:00 hours the 26 April 2021 by Insp Jackson. The areas affected are essentially the area of Soho and the Strand. This is due to an increase in antisocial behaviour connected with licensed premises over recent weeks. This has come in the form of intoxicated groups urinating in the street, staging street party style gatherings. Other linked groups are targeting visitors with fraudulent activity, stealing from or otherwise harassment.’
- Overall the 2020 Al Fresco scheme had a negative impact on residents who reported a significant increase in noise and general disturbance. A recent survey by [REDACTED] asking residents about their experience of this scheme highlighted issues with street noise disturbing sleep, and some saying they were considering moving out of Soho, the full survey results can be found in Appendix 3. The high level of cumulative impact described within the Cumulative Impact Assessment 2020 will swiftly return with people flocking to Soho in an attempt to return to a normal life. The impact on residents will be huge, any applications which aim to increase alcohol consumption will increase cumulative impact and harm and the Licensing Objectives.
- **Evening and night time economy;** Soho is at the forefront of the evening and night time economy in Westminster with its numerous restaurants, bars and entertainment establishments. The area is densely populated at night with people out on the streets, resulting in high levels of noise / disturbance, crime and disorder and antisocial behaviour. In this small section of Berwick St there are 7 licensed premises a mix of restaurants, cafes and a pub, apart from the pub, all sell alcohol in conjunction with food. After midnight Soho is saturated with late night premises, **01:00 - 03:00 there are 107 licensed premises, capacity information being available for 91 premises gives a total of 18,305.** Of the 107, **59 premises hold a 1am licence, with a capacity of 9,104 for 44 premises.**

#### **Statement of Licensing Policy 2021**

This application seeks to extend the licensable activity within the West End Cumulative Impact Zone. As presented it is contrary to the Pubs & Bars Policy PB1, and Cumulative Impact Policy CIP1

- **Public Houses and Bars Policy PB1;** it is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than, '1. Applications to vary the existing licence hours within the council's Core Hours Policy HRS1, 2. Applications to seek to vary the existing licence so as to reduce the overall capacity of the premises.' Although the policy states an exception may be permitted to applications no later than 9pm and if they meet other policies in the statement which include CD1 and PN1. It goes on, under the reasons for this policy, F80 states, '.... Premises that primarily serve alcohol, with or without the provision of any ancillary playing of music, can give rise to public nuisance for residents and other businesses, particularly where there is a concentration of such premises. This is principally due to noise from the premises and from patrons when they leave. Pubs and bars present opportunities for crime and they can also give rise to disorder.' The Council's own policy clearly highlights the negative impact of bars and pubs on residents. In our view there is no exception in this case, it will fail to promote the licensing objectives CD1 and PN1 and should be rejected on these grounds.

- **Cumulative Impact Policy CIP1;** this area has been identified by the Westminster City Council as under stress because the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The Cumulative Impact Assessment 2020 highlights the cumulative impact in West End Zone 1 (p9) stating, '**The rate of incidents per square kilometre observed here, as well as the rate of licensed premises per square kilometre, was approximately nine times than the borough's average rate. For crimes in particular, the rate was 10 -13 times higher between 6pm - 6am compared to the borough average.**' (our emphasis). It also highlights the impact of bars in an area, F82 stating, 'among specific premises types assessed within the CIA, pubs and bars were one of the top licensed premises operation types that were most significantly aligned with incidents in their proximity.' Furthermore, in relation to off sales, OS1 states the application has to show it will not add to cumulative impact in the West End Cumulative Impact Zone.
- The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy). The policy provides an assumption to refuse pubs and bars, music and dance venues and fast food premises, the policies are intended to be strict and will only be overridden in genuinely exceptional circumstances (D.11 of the policy). The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and wellbeing of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area. As described above Soho is now open for business and thriving, we have no doubt that cumulative impact will quickly return to pre-COVID levels which is significantly higher than any other area in Westminster. The evidence presented in the Cumulative Impact Assessment 2020 supported further policy restrictions in the West End, however, the impact of COVID-19 has resulted in the Licensing Authority deciding not to implement greater restrictions at this stage, but this may change.
- We have provided information on the number of licenses in Soho and the impact on residents since the reopening of the hospitality sector in Apr, coupled with the evidence we provide under the licensing objectives all indicate refusal of this application unless the applicant can demonstrate genuinely exceptional circumstances, in our view the applicant has failed to present a case demonstrating exceptional circumstances and therefore the application should be refused.

### **The Licensing Objectives**

The Statement of Licensing Policy 2021 or Section 182 Guidance does not provide for any circumstance, including exceptional or otherwise, which would permit an application to be granted if the licensing objectives were harmed. We now consider the impact of this application on these objectives.

### **Prevention of Crime and Disorder - CD1**

Under this Policy the criteria applied is, 'whether the premises make or will make a significant contribution to levels of crime and disorder, and whether the operating schedule is based on an adequate risk assessment, undertaken by the applicant, which takes account of all the relevant considerations below to reduce the likelihood of crime and disorder occurring as a result of the grant of the application.'

The recently published Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, **it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.** It goes on to detail the number and types of crimes in the West End,

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.
- **Total incident type 2017-2019:** serious violent crimes Night, 795 - proportion of Borough's incidents (31%). **Robberies Night, 2237 (33%). Theft and Handling Night, 24,407 (33%). Drug Offences Night, 1529 (40%).** Noise Complaints Night, 1389 (16%). Reactive Waste Management, 6630 (10%). Ambulance call outs to locations of licensed premises, 5353 (22%). Anti-Social behaviour on transport Night, 592 (13%), Anti-Social behaviour MPS, 9662 (16%). **Total = 50,594.**
- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents where primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between **6pm and 6am** concentrated overwhelmingly in the West End.
- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the West End to varying degrees.
- **Theft and Handling:** the most common crime type in the borough and in the evening and night this is particularly concentrated in the West End and along Oxford Street.

For residents living in Soho, the findings of the Cumulative Impact Assessment are unsurprising, Soho transforms in the evening and night-time into an area which feels very unsafe and where levels of crime and disorder are high. As evidenced above criminal activity associated with the large number of venues and the numbers of people on the streets results in high levels of serious crime. Drug dealing is a particular problem, with groups of dealers congregating to sell drugs, and they specifically target people as they leave premises. There are more dealers in the area at night than during the day. We believe this is directly linked to the large number of late night venues which create the drug market.

This application if successful will increase only crime and disorder and fail to promote this licensing objective.

#### **Prevention of Public Nuisance Policy PN1**

Under this Policy the criteria applied states, 'the potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of a nuisance occurring. This will particularly apply in areas of residential accommodation and where there is residential accommodation in the proximity of the premises.'

Residents live in close proximity and along the length of Berwick Street, we know they already suffer from noise nuisance, disturbance and anti-social behaviour from premises along this street. We are particularly concerned that these residents will be further disturbed by people being able to drink for prolonged periods either inside or outside these premises.

#### **In summary**

The application proposes to create a new bar until 9pm, provide off sales and extend the existing

licensed hours to core hours in a small area with 7 other similar premises, in close proximity to residents and in the West End Cumulative Impact Zone. The West End has suffered year-on-year increases in cumulative impact, the rate of crime is 10-13 times higher between 6pm - 6am compared to the borough average.

As evidenced throughout this representation the application fails all policy tests and will fail to promote the Licensing Objectives. We respectfully request this application is refused.

Please do not hesitate to contact us if you require any further information.

Yours faithfully,

### **Appendix 3 : Soho Residents' Survey March 2021**

#### **Residents' Survey**

##### **Key Points from Al Fresco Survey in 2021**

The survey ran from 1 March 2021 until 29 March 2021 and asked Soho residents about their experience of the Al Fresco dining scheme in 2020. An invitation to complete the survey was sent to 1,929 people - members of the Society and all subscribers to the Society's newsletter - on 1 March 2021.

133 residents responded with 72 saying that they lived on a street that was closed under the scheme in 2020. Responses suggested that many respondents were long term Soho residents. On average the respondents had lived in Soho for around 15 years. 15 respondents have lived in Soho for more than 30 years.

57 were long leasehold or freehold owners and 70 were tenants of which 24 were Soho Housing Association tenants.

28 respondents said they had children under 18 living with them in the household some or all of the time.

19 respondents on closed streets had children under 18 living with them some or all of the time.

When asked to think back on their experience of Al Fresco 2020

- 10 reported that the street noise woke their children
- 38 reported they were commonly unable to sleep, get to sleep or had their sleep disturbed
- 26 that they had problems working at home because of the noise
- 109 reported access problems on foot or by car
- 36 reported that they didn't feel safe in the street where they lived because of the crowds and the police losing control of the situation
- 62 reported they didn't feel safe because there was no social distancing
- 48 reported they didn't go out because of the scheme
- 44 reported that as a resident they were considering moving out of Soho because of this scheme - late night noise makes it impossible to live here any more

The AL Fresco Scheme for Soho in 2021 will see the same streets closed from 12 April 2021 to 30 September 2021 and will likely have a greater adverse impact on residents as the end time will be 11pm not 10pm as happened when the curfew was in effect last year. Also there is a risk of more drunken behaviour as there will be no requirement to serve a meal with the alcohol service.

I am writing to you in regards to the licensing application of Flat White, 17 Berwick Street, Soho (Ref21/02796/LIPV).

I am a resident of Soho [REDACTED]. I appreciate Flat White for being a wonderful refuge.

The service is wonderful, they provide the best coffee with respect, kindness and a covid safe approach.

Extending their trading and licensing hours would be beneficial for Berwick Street and create a safer night time economy. The closure of business makes it unsafe to walk about Soho and the more we have a night economy, the better the streets become.

We're really happy to have Flat White so close by and feel that it will play a big part in the return of Soho's buzzing charm.

[REDACTED]

We have been at this address for 6years.

I am very familiar with Flat White, being both local and indeed as a customer.

Flat White is one of those businesses which is integral to the local community. Adding to our safety

a valuable continuity of knowledge and good practise. Creating an unchallenged and unrivalled customer experience, of quality, in an ambient and a safe, attractive place to meet up and, on occasions work.

When I heard there's a chance, I could go for a glass of wine or something to eat, I relished the chance. This will be helpful to both me and others. I believe the local area is missing some smaller sized places, that can cater for locals, who want something a bit special, but without the commotion of most of the drinking establishments. I trust from their history it will be interesting, and cater to a quality experience.

I very much hope you will grant the application.

Firstly just wanted to say a good morning to you & your office. I'm emailing you today with regards to Flat White's licensing application  
(Ref21/02796/LIPV)

I've been a regular of flat white for the past ten years or so & it's my first port of call when arriving in soho for my daily dose of caffeine & even better when I can have a few drinks in the evening with the new licensing this place for me is one of the many reasons why I visit soho on a daily basis, the fantastic coffee, cakes, sandwiches & amazing team of friendly staff that makes it one of my favourite destinations in W1. It's been sorely missed by many within the community & that is why I just wanted to say that I sincerely hope you can extend the trading & licensing hours by approving the application.

Berwick st has started to bring some much needed life & atmosphere back to soho since the COVID restrictions have been eased with Flat white being an integral part in the resurgence of people visiting Berwick & all the while creating a safe space, following COVID protocols etc allowing us visit one of our favourite spots again

I look forward to seeing soho return to its former glory whilst sitting outside flat white sipping on a beverage or two

Thank you

[REDACTED] of the business, [REDACTED]  
[REDACTED] Flat White is a business that is greatly loved by me and lots of other Soho locals and it would be great for Berwick Street if Flat White had an extended licence to serve drinks and snacks

in the evenings.

I come to the shop daily and it provides a great and safe environment, with lovely staff and management - they are just all around great people.

I'm all for the extension of the hours of operation for Flat White - even though I'm directly impacted by it, there are no concerns around noise from my side. Living in Soho is all about the atmosphere and everyone who moves here should be aware of this.

### 3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:	
<b>Policy CIP1 applies</b>	<p>A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:</p> <ol style="list-style-type: none"><li>1. Vary the hours within Core Hours under Policy HRS1, and/or</li><li>2. Vary the licence to reduce the overall capacity of the premises.</li></ol> <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
<b>Policy HRS1 applies</b>	<p>A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:</p> <ol style="list-style-type: none"><li>1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.</li><li>2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.</li><li>3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.</li><li>4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.</li><li>5. The proposed hours when any music, including incidental music, will be played.</li><li>6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.</li><li>7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.</li><li>8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.</li></ol>

	<p>9. The capacity of the premises.</p> <p>10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.</p> <p>11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.</p> <p>12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.</p> <p>13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.</p> <p>14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.</p> <p>C. For the purpose of Clauses A and B above, the Core Hours for applications for each premises use type as defined within this policy are:</p> <p>1. <b>Casinos:</b> Up to 24 hours a day whilst casino gaming is permitted by a premises licence under the Gambling Act 2005.</p> <p>2. <b>Cinemas, Cultural Venues and Live Sporting Premises:</b> Monday to Sunday: 9am to 12am</p> <p>3. <b>Hotels:</b> Monday to Thursday: 9am to 11.30pm.
