## **1. Background Information**

- 1.1 Ward budgets were established under the City Council's Neighbourhood Programme agreed by the Cabinet in November 2007.
- 1.2 The programme enables ward members to fund projects in the local area which benefit residents of that area and/or meet local priorities.
- 1.3 £46,000 is provided to each ward in each financial year of a 4-year electoral cycle. Monies not spent in year roll-over to the next until the end of the cycle.
- 1.4 Budget provision for the financial years 2018 to 2022 equates to £184,000 per ward
- 1.5 All decisions on projects to be funded are made by the ward members from the wards concerned, to support their local priorities.

## **2. Proposed Projects**

- 2.1 £20,000.00 will fund the St Marylebone Changing Lives Project. As a result of the funding, the Parish Church hope to achieve two things:
  - a. Following Covid-19, the St Marylebone HCC Psychotherapy Centre are already seeing the vast repercussions for people's mental health. They are currently continuing to operate sessions via zoom but want to resume face to face therapy. They have four therapy rooms which are small, in need of modernisation, and badly ventilated. They plan to convert these four rooms into three, modernise them to ensure they offer a welcoming environment, and carrying out work to the ducts to improve ventilation. The Centre support between 200-300 people with face-to-face therapy and group sessions. They also regularly share mental health support videos online which go in their local newsletter which reaches about 3,000 people.
  - b. A proportion of the grant will also be directed to their bursary fund to help more people access therapy at a heavily subsidised rate. As well as supporting anyone who contacts them directly, The Diocese of London, The London Clinic, and the University of London all use the centre as a place to direct individuals in real urgent need of help. The London Clinic for example have said that due to the trauma suffered by their staff through the pandemic, more front-line workers are seeking help. As a result of the funding, the Parish Church hope to offer 25 individuals 30 subsidised sessions of counselling each (roughly one per week – so a total of 750 counselling sessions).

## **3. Financial Implications**

- 3.1 Expenditure and approvals in process from the Marylebone High Street budget to date total £150,828.07 leaving **£33,171.93** to be allocated.

- 3.2 The proposals for expenditure in this report amount to **£20,000.00** and leaves **£13,171.93** available for future allocation.
- 3.3 This report approves the release of the above funding from the ward budget(s) as listed above. The individual decisions taken on the projects being funded are made by the ward members for the ward(s) involved.

#### **4. Legal Implications**

- 4.1 Section 1 of the Localism Act, aka “the general power of competence” enables authorities “to do anything that individuals generally may do”. The proposals within this report are consistent with the Council exercising this power.

#### **5. Consultation**

- 5.1 The proposals have been approved by all Councillors, or a majority of Councillors from all wards involved
- 5.2 The proposal for The St Marylebone Changing Lives Project has been drawn up by the Councillor and Governance Support Officer with St Marylebone Parish Church, the financial and legal aspects of the funding have been verified by the Council’s Finance and Legal Services Departments.
