 - (i) *magical/theatrical experience;*
 - (ii) *class or seminar;*
 - (iii) *function or event; or*
 - b) *Persons on the ground, first, second or third floors which shall operate as a restaurant:*
 - (i) *in which customers are shown to their table,*

Notwithstanding condition [17], alcohol may be supplied before 21:00 on the ground, first, second or third floors by up to a maximum at any one time of 20 seated persons.

- *Amend existing condition 26 to: “The number of persons permitted on the premises for licensable activities at any one time (excluding staff) shall not exceed 50.”*
- *To add authorisation for the sale of alcohol for consumption off the premises until 11pm Monday to Saturday and 10.30pm on Sundays, subject to the following new condition:
“The sale and supply of alcohol for consumption off the premises shall be restricted to sealed containers only, except for alcohol consumed at appropriately authorised outside tables and chairs which shall be served by waiter or waitress service, served only to a person seated”*

The premises are located within the West End Cumulative Impact Area and as such various policy points must be considered, namely CIP1, COMB1 and PB1.

Policy CIP1 states:

A. It is the Licensing Authority’s policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:

1. Vary the hours within Core Hours under Policy HRS1, and/or
2. Vary the licence to reduce the overall capacity of the premises.

C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.

Policy COMB1(B) states:

Applications inside the West End Cumulative Impact Zones for premises that propose to operate as a ‘combined use premises’ will be considered on their merits and subject to:

1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1.
2. The hours for licensable activities for the relevant premises use being within the council’s Core Hours Policy HRS1.
3. The applicant demonstrating that they will not add to cumulative impact within the Cumulative Impact Zone.

In accordance with COMB1(B) the applicant is required to make further submissions in respect of the operation of the premises and demonstrate that the grant of the application will not add to

cumulative impact with particular reference to the increase of the licensable area and the proposed increase in capacity.

The Licensing Authority note that the premises trade predominantly as a restaurant and have proposed Westminster's model restaurant condition (model condition 66) however it is also noted that this will only come into effect at 21:00 and therefore before 21:00 the premises will be able to trade as a bar albeit with a requirement that customers are seated and limited to a maximum capacity of 20 persons.

The Licensing Authority would seek further submissions from the applicant as to how the premises is proposing to trade prior to 21:00 in order to assess whether the application needs to be further considered under other relevant policies such as PB1 and RTN1. For example, before 21:00 the premises intend to operate with a bar function therefore policy PB1(B) is relevant and as such the applicant would need to provide exceptional circumstances as to why the application should be granted when the policy is to refuse.

The Licensing Authority's policies, in relation to the Cumulative Impact Areas, are directed at the global and cumulative effects of licences on the area as a whole. The Licensing Authority encourages the applicant to provide further submissions as to how the premises will not add to cumulative impact in the cumulative impact area, as per policy CIP1 and COMB1.

The applicant is also required to provide further submissions in respect of the Off Sale provision which is now sought and what this will consist of?

Subject to any further submissions, It will be for Licensing Sub-Committee Members to determine this application, given its location within the West End Cumulative Impact zone and the proposed style of operation.

The Licensing Authority looks forward to receiving further submissions from the applicant in due course.

Please accept this as a formal representation.

The [REDACTED] Position

- **The application :** Members of the licensing committee attended the premises where they discussed the nature of the operation and the proposed application. These premises are small and present as a quirky entertainment place, offering a magic wand experience, afternoon teas and a potion experience (alcoholic and non alcoholic) for families, adults and groups, they also propose to offer off sales of their own gin and beer. We note the application seeks to permit bar use for on sales on the ground, 1st, 2nd and 3rd floors for 20 people seated until 21:00, and off sales to authorised tables and chairs until 23:00, the [REDACTED] objects to these proposed changes. We do not object to the off sales of their own gin and beer and ask that off sales be restricted to these products.
- We are concerned this application provides the opportunity for these premises to turn into a drinks focussed experience in the West End Cumulative Impact Zone and in an area with the highest concentration of licensed premises. In our view this application if granted will fail to promote the licensing objectives of the prevention of crime and disorder and public nuisance and increase cumulative impact in the West End Cumulative Impact Zone.
- **Licensed premises:** Soho is at the forefront of evening and night time economy in Westminster with its numerous restaurants, bars and members clubs and entertainment establishments. The small area comprising of Greek St, Old Compton St, Frith and Dean St contains the largest number of licensed premises in Soho, there are over 106 such premises offering the full range of venues with opening hours up to 3.30am. These streets are already saturated with premises serving alcohol and can accommodate no more.

Statement of Licensing Policy 2021

This application as presented is contrary to the Pubs & Bars Policy PB1, and Cumulative Impact Policy CIP1.

- **Public Houses and Bars Policy PB1;** it is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than, '1. *Applications to vary the existing licence hours within the council's Core Hours Policy HRS1*, 2. *Applications to seek to vary the existing license so as to reduce the overall capacity of the premises.*' The policy also states an exception may be permitted to applications no later than 9pm, if they meet other policies in the statement which include CD1 and PN1. It goes on, under the reasons for this Policy, F10 states, '.... *Premises that primarily serve alcohol, with or without the provision of any ancillary playing of music, can give rise to public nuisance for residents and other*

businesses, particularly with there is a concentration of such premises. This is principally due to noise from the premises and from patrons when they leave. Pubs and bars present opportunities for crime and they can also give rise to disorder.' The council's own policy clearly highlights the negative impact of pubs and bars on residents. In our view there is no exception in this case, it will fail to promote the licensing objectives CD1 and PN1 and should be rejected on these grounds.

- **Cumulative Impact Policy CIP1**; this area has been identified by the Westminster City Council as under stress because of the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The Cumulative Impact Assessment 2020 highlights the cumulative impact in the West End Zone, 1(p.9) stating, '*The rate of incidence per square kilometre here, as well as the rate of license premises per square kilometre, was approximately nine times than the borough average rat. For crimes in particular, the rate was 10–13 times higher between 6pm – 6am compared to the borough's average.'* In relation to the impact of bars in an area, F82 states, '*among specific premises types assessed within the CIA, pubs and bars were one of the top licensed premises operation types that were most significantly aligned with incidents in their proximity.'*
- The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy). The policy provides an assumption to refuse pubs and bars, music and dance venues and fast food premises, the policies are intended to be strict and will only be overridden in genuinely exceptional circumstances (D.11 of the policy). The growth in the number of licensed premises in Soho has led to a marked deterioration in the quality of life and well-being of local residents and it has jeopardised the sustainability of the community. Soho has a substantial residential community and many of these residents suffer from problems such as, but not limited to, high levels of noise nuisance, problems with waste, urinating and defecating in the streets, threats to public safety, anti-social behaviour, crime and disorder and the change in character of this historic area.

The Licensing Objectives

The Statement of Licensing Policy 2021 or Section 182 Guidance does not provide for any circumstance, including exceptional or otherwise, which would permit an application to be granted if the licensing objectives were harmed. We now consider the impact of this application on these objectives.

Prevention of Crime and Disorder - CD1

Under this Policy the criteria applied is, '*whether the premises make or will make a significant contribution to levels of crime and disorder, and whether the operating schedule is based on an adequate risk assessment, undertaken by the applicant, which takes account of all the relevant considerations below to reduce the likelihood of crime and disorder occurring as a result of the grant of the application.'*

The recently published Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, ***it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.*** It goes on to detail the number and types of crimes in the West End,

- **Public realm crimes:** (serious violence, robberies, theft and drug offences), alcohol-related callouts incidents, anti-social behaviour and demands on services were prevalent in Westminster between 2017 and 2019, among the highest in London and the country. All incidents observed concentrated in the West End many occurring in the evening and at night as well as weekends.
- **Total incident type 2017-2019:** serious violent crimes Night, 795 - proportion of Borough's

incidents (31%). **Robberies Night, 2237 (33%). Theft and Handling Night, 24,407 (33%). Drug Offences Night, 1529 (40%).** Noise Complaints Night, 1389 (16%). Reactive Waste Management, 6630 (10%). Ambulance call outs to locations of licensed premises, 5353 (22%). Anti-Social behaviour on transport Night, 592 (13%), Anti-Social behaviour MPS, 9662 (16%). **Total = 50,594.**

- **Data description of incidents in 2017-2019** found all incident categories observed varied both in space and time. Many occurred in the evening and at night and on weekends when alcohol related activities typically peak. Incidents were primarily concentrated in the West End where licensed premises are disproportionately concentrated.
- **Robberies:** clustered within the West End, Charing Cross, Oxford Street in the evening and night.
- **Serious violent crimes:** recorded between **6pm and 6am** concentrated overwhelmingly in the West End.
- **Drug related crimes:** Westminster recorded the highest volume of drug offences of any borough between 2017-2019. Half of crimes were reported (48%) in the evening and night time. Drug related crimes between **6pm - 6am** were significantly clustered in and around the West End to varying degrees.
- **Theft and Handling:** most common crime type in the borough, in the evening and night they are particularly concentrated in the West End and along Oxford Street.

Crime statistics (September 2019 to February 2020) for this area supports the findings of the CIA, the overall total of crimes being **1,397**.

Old Compton St : Robbery = 19. Theft person = 162. Violence with injury = 47. All crime = 429

Wardour St : Robbery = 6. Theft from person = 70. Violence with injury = 22. All crime = 301

Dean St : Robbery = 12, Theft person = 57, Violence with injury = 30, All crime = 280.

Greek St : Robbery = 12, Theft person = 76, Violence with injury = 33, All crime = 244

Frith St : Robbery = 13, Theft person = 46, Violence with injury = 23, All crime = 143.

For residents living in Soho the findings of the Cumulative Impact Assessment is unsurprising, Soho transforms in the evening and night-time into an area which feels very unsafe and where levels of crime and disorder are high. As evidenced above criminal activity associated with the large number of venues and the large numbers of people on the streets (including following the lifting of COVID restrictions) results in high levels of serious crime.

To add another premises functioning as a bar in area already saturated will only increase crime and disorder and fail to promote the licensing objectives.

Prevention of Public Nuisance Policy PN1

Under this Policy the criteria applied states, *'the potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of a nuisance occurring. This will particularly apply in areas of residential accommodation and where there is residential accommodation in the proximity of the premises.'*

Residents live along the length of Greek St and all dispersal routes from these premises, residents already suffer from late night noise, disturbance (pedicabs playing loud music, waiting taxis) anti-social behaviour including street fouling and high levels of crime and disorder from

the existing number of licensed premises in the area. We are particularly concerned that these residents will be disturbed by intoxicated people leaving these premises.

In summary

The application proposes a new bar in the West End Cumulative Impact Area, evidence presented within this representation highlights how this application if granted will fail to support the licensing objectives and increase cumulative impact.

Please do not hesitate to contact us if you require any further information.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:	
<p>Policy CIP1 applies</p>	<p>A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:</p> <ol style="list-style-type: none"> 1. Vary the hours within Core Hours under Policy HRS1, and/or 2. Vary the licence to reduce the overall capacity of the premises. <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
<p>Policy HRS1 applies</p>	<p>A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:</p> <ol style="list-style-type: none"> 1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm. 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation. 3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed. 4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises. 5. The proposed hours when any music, including incidental music, will be played. 6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises. 7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity. 8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.

9. The capacity of the premises.

10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.

11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.
