4 LOCAL GOVERNMENT ASSOCIATION (LGA) THE MODEL CODE OF CONDUCT

4.1 Janis Best, Committee and Councillor Support Manager, provided an update to the Committee on the attendance of Members at the various Code of Conduct sessions which had been delivered since October 2018.

4.2 The Committee was interested to note that attendance at the most recent Code of Conduct refresher session had fallen below the attendance in 2019. Whilst it was recognised that in general since training sessions had been moved online in March 2020 attendance had increased by 8%, this was

unfortunately not the case for the Code of Conduct sessions. In response to questions, it was confirmed that whilst Code of Conduct training was mandatory for Members at the start of each electoral cycle refresher sessions between these periods was not. The Committee discussed potential options to increase attendance at such sessions due to the important nature of them. These options included making the annual refresher sessions mandatory for Members, ensuring they were advertised prominently and well in advance and trying to cover different aspects at the sessions in order to increase interest. Other options included providing alternative timings to attend the training with a mixture of holding them both physically and remotely.

- 4.3 The Committee agreed that it was very important for Members to attend Code of Conduct training sessions to ensure Members continued to carry out their duties to the highest standard of conduct and behaviour. Following discussions, it was agreed that not only would each Code of Conduct session for Members held after each electoral cycle be made mandatory but all annual refresher sessions held subsequently also be mandatory. This would ensure attendance at these sessions whilst keeping Members abreast of the latest developments in this area. As part of the recording of attendance at these sessions it was suggested that a list of those had had not attended be made available on the Members Weekly Bulletin.

RESOLVED:

That Member attendance at any formal Code of Conduct training delivered be made mandatory.
