████████████████████ to 11 Berkeley Street ██████████
██████ so this poses a concern to me. I also have a conservatory with glass roofs that will definitely overhear the restaurant.

I would hate to be constantly complaining with noise and music issues and so I would need to insist on not going ahead with filing of the license.

Having a licensed premise serving alcohol so close to a residential building should not be allowed. Also with the current amount of bars and building work on ██████████, I fear this street is getting overcrowded, unsafe and out of control. There needs to be some control to allowing so many new premises, restaurants and bars.

In just a short span of a street, we have hotels, casinos, several restaurants, bars so adding more is not fair for the residents of the street who pay a lot in local tax and in property value.

Happy to answer any other questions and I appreciate your consideration to my comment as a loyal resident for over 7 years ██████████ that barely objects to these requests.

Response from the interested party following the mediation email on 01 September 2021:

Thanks for reaching out on the 11 Berkeley Street licence.

The issue I have is based on a few things:

1) The premises have had many issues to date with not obeying rules. ██████████
██████████ have called Westminster about building work on Sunday. We even spoke to the building site manager and while they promised to stop, it still continued. It even got to a point where they spoke in Russian to each other saying 'ignore the neighbours and continue working' with some rude remarks. Not realising my neighbour ██████████ speaks Russian and understood this.

This has made me severely worried about the professionally and legality of the works.

2) We've objected many years ago to the premise and we never had our voice heard. We made it clear that there are so much building work on this small street with countless restaurants, coffee shops, hotels, casino, clubs - it's truly making living on this street quite a nightmare as we feel as residences we don't have our voices heard. Then to my surprise they started works and I didn't realise it was still going ahead years later.

3) I know now work is going ahead and that's fine but all I request now is to limit hours of operation when opening to considerable times. My fear with alcohol serving alongside late night music is that it essentially is a recipe for a club-like situation. I can foresee loud music, crowded footfall ██████████ and more headaches to come. ██████████
11 Berkeley Street where I hear drilling very loudly so I worry for when music will be played I will hear this when I sleep around 10pm. On that note, I do hope sufficient sound proofing will be done to avoid any further complaints too when operating.

Happy to jump on a call and discuss further but would love if the residences interest will be considered and helped in finding a mutually agreeable solution to this.

As you can imagine Berkeley Street is becoming quite overly populated and construction work a bit out of hand so just trying to voice our concerns as residences.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

Policy HRS1 applies

A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.

B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:

1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.

2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.

3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.

4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.

5. The proposed hours when any music, including incidental music, will be played.

6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.

7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.

8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.

9. The capacity of the premises.

10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.

11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.

12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.

13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.

14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.

C. For the purpose of Clauses A and B above, the Core Hours for applications for each premises use type as defined within this policy are:

Mediation email to interested parties

I am the solicitor representing the applicant for this licence

You appear to be under the impression that this is a new licence for the premises.

It is not.

The premises already has a licence in exactly the same terms as the one applied for here and has had the licence since 2016.

The application to which you have objected is called a “shadow licence” and is simply an application to protect the position of the landlord and is in identical terms to the licence that Westminster has already issued.

If this application is granted it does not affect the position that you are already in as the premises are already licensed.

I should be happy to answer any questions you have regarding this process. Please feel free to contact me at cbaylis@kingsleynapley.co.uk or on 07738 037319.

I would hope that now you are in possession of all the facts and you know there is already a licence there in identical terms, you feel able to withdraw your objections.
