1. Executive Summary

The draft work programme set out is based on the terms of reference for the Scrutiny Commission, the priorities of the new administration, ongoing work in key policy and service delivery areas and has been informed by input from senior officers from across the council.

In general there is time and space for one or two substantive items at each meeting of the Commission in addition to the Q&A session with the Leader of the Council. It is for the Committee to determine, on the advice of officers, what they wish to consider in detail at each meeting. There will however, be occasions where Committee review of an issue would be more impactful at a particular time of year e.g. when data is more readily available or where the policy or service issue is better progressed in terms of emerging thinking or baselining. In the circumstances senior officers will work with the scrutiny team to advise the Committee of such opportunities.

Based on the recent discussion at Full Council and a steer from the Majority and Opposition Group Lead Policy and Scrutiny Members, it is currently proposed to hold four meetings of the Westminster Scrutiny Commission across the municipal year.

2. Recommendations

That the Committee consider the draft work programme set out and either agree the work programme or make suggestions for amendments.
