2-B Other Persons	
Name:	[REDACTED]
Address and/or Residents Association:	[REDACTED] [REDACTED] [REDACTED]
Received:	5 July 2022
<p>I wish to object to the Licence Application by Mr Swarnim Gurung for the Sale of Alcohol Monday to Sunday from 12:00 to 23:00 (Location: 18 Greencoat Mansions, London, SW1P 1PG) based on the following concerns:</p> <ol style="list-style-type: none">1. The location is not only in a residential area but is actually located inside a residential building – Greencoat Mansions – a building which <u>totally lacks sound insulation</u>;<ol style="list-style-type: none">a. Greencoat Mansions is formed of studio/one bedroom flats whose residents are mainly elderly people on social benefits, some of whom also suffer from mental health issues, or small families with very young children;b. Greencoat Mansions is an old working class building dating from the 1880's: its floors and ceilings consist of very basic wooden planks on wooden joists, just like an old wooden barn in the countryside. The floor/ceiling cavity between any two dwellings is an empty box which acts as a resonance box in a guitar, i.e. greatly amplifying the sound coming from above/below the dwelling;c. There is no sound insulation whatsoever between a dwellings and the one	

above/below it; nor is there any sound insulation whatsoever between dwellings located on the same level.

There is no sound insulation whatsoever between 18 Greencoat Mansions and the rest of the building;

d. The Police have already been asked to intervene in the past because of heated quarrels between residents, such quarrels stemming from the complete lack of sound insulation between dwellings;

e. Where alcohol is involved the probability of inappropriate rowdy behaviour is greatly increased. Hence, were the Licence Application to be granted, it can be declared with certainty that, given the complete lack of sound insulation:

(i) greater suffering would be caused to residents with mental health issues,
(ii) elderly residents would not be able to live out in peace and quiet the remaining years of their life,

(iii) sleep pattern of young children (who usually go to sleep at 8 pm) would be greatly disrupted, and

(iv) the Police would probably be constantly asked to intervene at Greencoat Mansions.

f. Currently, the residents of Greencoat Mansions are already been subjected to noise and rowdy behaviour caused by the customers of The Greencoat Boy (located just around the corner from Greencoat Mansions).

Granting a licence to Mr Swarnim Gurung would amplify these problems and breach the resident's right to a quiet enjoyment of their home: the 'public nuisance' problem would now be taking place **right inside our building**, eleven hours a day seven days a week!

2. The 'location plans' attached to the Application indicate the presence of a 'public room'/'toilet':

a. However, a site inspection by the Licencing Authority will quickly reveal that such 'toilet' would only be deemed fit for use on a building site, certainly not for a venue such as the one submitting the Licence Application. It honestly beggars belief that this restaurant has been given permission to operate with such "restroom facilities";

b. Such toilet is not located inside the venue but within the building's inner, tiny, courtyard. Were the Licence Application to be granted, it can be declared with certainty that drunk customers – unwilling to wait for the toilet to be vacated if taken - will end up urinating (and vomiting) in the building's inner courtyard with **substantial health impact on the building's residents and their children**;

c. This unisex standalone cubicle, would force women to feel unfairly disadvantaged and, most importantly, would force them to use toilets whose sanitary conditions – given that they will be used by drunk male customers – would leave much to be desired!

As a woman I believe it is vital that women feel safe and comfortable when using public facilities, and their needs are respected. The unisex "toilet" made available by Mr Swarnim Gurung, apart for being fit only for a building site, would not make any female customer feel safe and comfortable when using them.

3. Additionally:

a. On page 15 of his application Mr Swarnim Gurung states: "*Our Kitchen Exhausts are cleaned regularly and we use Filters to minimize any smell.*" This

statement is totally false as any site inspection by the local authority will quickly confirm. Every single day after 5 pm all residents are forced to shut tightly all windows facing the inner courtyard as a strong obnoxious smell of spicy food quickly permeates the whole courtyard and stays there till 10 pm;

b. Moreover, on page 15 of his application Mr Swarnim Gurung also states: “*The waste from the restaurant is being disposed as per Council rules and regulations.*” This is open to dispute, as the restaurant’s employees instead of placing their rubbish bags in their own wheelie bin always dump such rubbish in front of the entrance to flats 9-16 Greencoat Mansions. Every night foxes rip the bags open, spilling discarded food and oil onto the pavement. The area in front of the entrance to flats 9-16 has lately become a true pigsty, as a local authority inspection will quickly confirm;

c. We never had such problems with the previous businesses using 18 Greencoat Mansions:

(i) ‘*Fresco*’ used to make take-away sandwiches; there never was any problems of smell, noise, or rubbish with them;

(ii) ‘*Piqante*’ used to make spicy Mexican take-aways: although they too were cooking spicy food we never had problems of smell in the inner courtyard, nor were there issues of noise given that business hours were till 15:00 and customers were queuing up outside the venue, collecting their order, and leaving, nor were there issues of rubbish causing a pigsty in front of the building;

(iii) ‘*Casa Maria*’ – this was a Mediterranean cuisine restaurant: again we never had problems of smell in the inner courtyard from their cooking, nor were there issues of noise as they only had customers till 5 pm and no alcohol was sold on the premises, nor were there issues of rubbish causing a pigsty in front of the building.

d. As explained above, the owner of the Aloo Tama Nepalese Restaurant (Mr Swarnim Gurung) has already demonstrated total disregard for the existing residents of the building, hence signalling what his likely behaviour will be if a Licence to Sell Alcohol (with extended trading hours) were to be granted!

4. Finally:

a. the location of the “toilet” is such that by being located in the inner courtyard, any customer of the restaurant wanting to use them also has access to the entire building. There **currently** is, in other words, **an issue of security** as any customer wanting to use the toilet can now access the building and walk up to any flat within it.

b. If alcohol were to be sold nothing is going to stop a drunk customer, once in the building’s inner courtyard, from wandering up the building’s stairwells and prey upon any young child (or any female) he finds on his way.

c. This is a totally unacceptable situation to force upon the residents of this building!

Summing up, not only is the granting of a Licence to sell alcohol not compatible with this location, but also the Licence to currently operate as a restaurant is not compatible with this location and such permission to operate as a restaurant should be revoked till the public nuisance and security issues explained above are solved.

I strong object to the granting of a liquor license at Aloo Tama,

I am a resident at [REDACTED]
[REDACTED]

[REDACTED] I and other neighbours have had to speak to the proprietor and his staff on multiple occasions over the past 12 months to raise concern around noise, smell and ASB. Aloo Tama operate in the late afternoon and evening with the bulk of their customers arriving after 18.00hrs. They currently close to customers at 22.00hrs but many are still inside at 22.45hrs.

When the restaurant is busy, the constant level of noise from customers is unbearable. There is very poor sound proofing between floors in Greencoat Mansions. When Aloo Tama has up to 22 covers crammed in to a very small floor space, the noise level is awful.

At present this noise not only rises up in to my property internally but is also leaked out of the restaurant though their front door and rear door which are regularly wedged open. Having challenged the proprietor that his application for a liquor license states that both the front and rear doors would be kept closed during operational hours to prevent noise leakage, I have been advised that this is not always possible due to the need to allow cool air in to the premises. It would appear that the premises do not have air conditioning or other cooling systems.

The restaurant have only one toilet which is located in an outhouse in the communal yard. Customers have been seen to smoke and cause disturbance to residents in this area when they are waiting to use the toilet.

I have seen customers (evidenced) drinking alcohol on the pavement outside the venue. They have sold alcohol.

I would be surprised if Peabody, as the landlord, allow a liquor license in residential block.

I refer to your letter dated 28 June 2022 reference 22/05081/LIPN. I object most strongly to this application for the sale and consumption of alcohol on this small property. I fear this will increase the noise even further from the customers and more so when the customers leave the premises.

This application if granted will make living here even more unpleasant because of the very strong smell from their cooking. I have raised this issue with the proprietors going back before they started cooking food. They have constantly said they are doing something about it but always fail to do so. Is it right they are allowed to cook such food and sell alcohol on a small residential property. Has this application been approved by the property owners, Peabody Trust.

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:

Policy HRS1 applies

- A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.
- B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:
1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm.
 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation.
 3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed.
 4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises.
 5. The proposed hours when any music, including incidental music, will be played.
 6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises.
 7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity.
 8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night.
 9. The capacity of the premises.
 10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation.
 11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely.
 12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.
 13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.
 14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into

Core hours are when customers are permitted to be on the premises and therefore the maximum opening hours permitted will be to the same start and terminal hours for each of the days where licensable activity is permitted.</p> <p>E. For the purposes of this policy, 'premises uses' are defined within the relevant premises use policies within this statement.</p>
<p>Policy RNT1 applies</p>	<p>A. Applications outside the West End Cumulative Impact Zone will generally be granted subject to:</p> <ol style="list-style-type: none"> 1. Subject: Premise License Application

To whom it may concern,

Dear Sir/Madame,

We, the Aloo Tama Family, appreciate the concerns raised by our neighbors regarding the possibilities from granting us the Premise License. First of all, I would like to inform everyone that Aloo Tama is a Family-run business and we have always been courteous to our neighbors and treated them with respect. Our restaurant, for us, is not only a business but a representation of our culture. We have read the objections that are being raised by some of the residents and respect their concern for the community. The concerns that have been raised have all been evaluated by us and we are on track to solve them as soon as we can. Most of the objections seen are regarding the noise, anti-social behavior, the cooking aroma, and the waste management. The Premise License application is to provide the customers with an accompaniment for their food rather than generating an income solely from the sale of alcohol.

Please be informed that our purpose in the Restaurant is to serve Londoners the flavorsome delicacies from Nepal. This is how we generate our income. We have worked hard to provide a calm ambience for the customers where they can enjoy their food. We always ask the Customers to be courteous to the residents living in the building while they are being seated. We realize the lack of sound proofing in the building, never play the background music at an amplified level. We are not turning our Restaurant into a Pub where the Customers come to only drink or party. The majority of the “noise” is the Customers having a conversation with one another. Also, with respect to our neighbors, we take the final orders at 9pm, our Kitchen closes at 9:30pm and we intend to vacate the premise by 10pm. We have not applied for the Late-Night Refreshment license as we do not intend to open late.

Once again, we would like to remind you that food will be our main source of income and the alcohol sale will only contribute to a portion of it. The sale of alcohol will be monitored and only provided to complement the food that they are having. We do not intend to setup a Bar area where the customers can order their drinks and walk around. The drinks will be served only when seated at their respective table. Constant monitoring of the sale means that no one will be served in excess and thus avoiding any drunk or drunkard behavior. Plenty of water will be provided along with the alcohol to the customers.

We would also like to inform everyone that the procedure to have a high rising exhaust installed has been initiated. An Extraction Engineer has surveyed the area and is currently designing the extraction system, extraction technical specification along with the Odour risk assessment under EMAQ guidance. An Architect and a Noise Engineer are also preparing a proposal to apply for Planning Permission. Having said that, we have tried in the past to decrease the cooking aroma by regularly cleaning the ducts and also placing exhaust filters.

As for the Waste Management, both our Recyclable and General Waste are dropped at Collection Point on Designated Days only. The visiting Council representative acknowledged this as well. Also, we always Double-Bag our wastes so as to prevent any intrusions or leakages (industrial strength garbage bag and the Council provided bags). We emphasize on cleanliness not only within our premise but also our surroundings. Our wastes are placed on Francis Street, now, as per Council directions. As for the mentioned “pigsty” in front of the

entrance to Flats 9-16 are Residential Waste and can be differentiated by the trash bags that are used. Most visible rubbish seen outside the entrance of the rest of the Flats and the Restaurant are immediately taken care of by our staff.

We will also be installing Security Cameras not only within the Restaurant but also outside our premises to make the neighborhood more secure and prevent 'public nuisance'. We have posted sign in the Restaurant that smoking is prohibited in the courtyard. Since it is a small Restaurant and we inform the customers that the Restroom is one-at-a-time so they have refrained from standing in the courtyard and rather sit in their seats until the other returns. As the business progresses, we will definitely make necessary renovations.

Please be informed that we are not trying to force an unacceptable situation upon the residents by applying for a Premise License. Please note that we have allowed our customers to bring their own drinks and this too has been monitored. We have not had public nuisances or drunk behaviors while doing so and we intend to continue it.

This is a difficult time to start any business and to sustain it is even difficult. Please understand that we are not trying to disturb the peace. I, personally, do my best to maintain a healthy and friendly relation with every neighbor. We aim to provide quality service to our customers while maintaining the harmony that is in the neighborhood.

I hope this addresses the concerns raised in the objections and should you need any further assurance, any one of our Team is readily available.
