1 Executive Summary

- 1.1 In late 2019, the Local Government Pension Scheme (LGPS) Scheme Advisory Board (SAB) issued draft guidance on Responsible Investment in the LGPS. This guidance outlined the duties of investment decision makers in LGPS administering authorities.
- 1.2 This paper introduces the 2023 Responsible Investment Statement for the Westminster Pension Fund, which is attached as Appendix 1 to this paper.

2 Recommendation

- 2.1 The Pension Fund Committee is requested to:
 - Note and comment on the Responsible Investment (RI) Statement;
 - Delegate authority to the Tri-Borough Director of Treasury and Pensions to publish the RI Statement on the Council's website.

3 Background

- 3.1 The purpose of the Responsible Investment Statement is to make clear the Pension Fund's approach to investing responsibly. This includes the integration of environmental, social and governance (ESG) factors as part of the Pension Fund's investment strategy.
- 3.2 The aim of the Responsible Investment Statement is to demonstrate to scheme members the direction in which the Pension Fund is moving in terms of responsible investment, decarbonisation/climate change and other ESG related issues. The Pension Fund is pleased to report that as at February 2023 the Fund is now a signatory to the Financial Reporting Council's UK Stewardship Code, an accolade held by only a handful of LGPS Funds.
- 3.3 The statement covers in detail topics such as:
- **Investment journey:** since 2019 the Fund has made a number of conscious investment decisions to improve the ESG impact of the Fund's investments. This includes transitioning all equities into ESG-tilted mandates, investment within renewable infrastructure and commitments to affordable and socially support housing.
 - **Carbon journey:** over the last three years, the Pension Fund has taken significant steps to reduce its carbon footprint. Since June 2019, the Fund's CO2 emissions have fallen by circa 75% to December 2022.
 - **United Nations (UN) Sustainable Development Goals (SDGs):** as adopted by UN members during 2016, the SDGs are goals that call for urgent action by all developed countries. The RI Statement sets out how the Pension Fund is helping to work towards achieving these goals through its investment assets.
 - **Voting and engagement:** collaboration with key stakeholders in the investment community will be key in influencing companies to run their businesses more sustainably.
- 3.4 Several investment cases study examples have also been included in the RI statement to demonstrate how the Pension Fund has been implementing the policy.
- 3.5 This statement will be subject to regular, ongoing review.
