

Appendix A - Other Implications

1. Resources Implications

- There are no resources implications as these are concession contracts.

2. Business Plan Implications

- This is in line with the Environment and City Management Business Plan

3. Risk Management Implications

- There are no implications

4. Health and Wellbeing Impact Assessment including Health and Safety Implications

- There are no implications

5. Crime and Disorder Implications

- There are no implications

6. Impact on the Environment

- Car sharing does encourage vehicle use, which will have negative environmental consequences. However, the principle aim of the service is to provide an alternative to private vehicle ownership, so it will result in both fewer cars on the road and less unnecessary car journeys from taking place. In addition, at contract start vehicles will be significantly EV, with commitment by all three concessionaires to substantially increase the proportion of EVs in the fleet.

7. Equalities Implications

- There are no implications of any significance. An EIA has been drafted in tandem with this report.

8. Staffing Implications

- There are no staffing implications as these are concession contracts.

9. Human Rights Implications

- There are no implications

10. Energy Measure Implications

- There are no implications

11. Counter Terrorism and Security Implications

- There are no implications above the existing contract.
