

Appendix 8 – Westminster School Street Flyer – CCTV Update

Resident flyer

SCHOOL STREETS TRIAL **CCTV UPDATE**

In January 2022 we launched a trial of School Streets on your road. A School Street is where the road is closed to motor vehicles at school drop-off and collection times, Monday to Friday during term-time.

Reduced motor traffic provides a safer and less polluted environment for children, parents and staff to walk, cycle or scoot to school.

In response to feedback, **we are installing CCTV enforcement cameras** from December 2022 on some of the School Streets. We hope this will make the scheme more effective.

We strongly encourage you to have your say about School Streets. **Please provide feedback by scanning the QR code below or visiting: westminster.gov.uk/school-streets**

You can find more information, including the locations of the CCTV cameras on the same website.

FAQs

Will I get a parking ticket if I am a resident on a School Street? Should I move my car during times of operation?

No. All residents who own one or more vehicles that are registered to an address on a School Street are automatically placed on an exemption list. This means you do not need to move your car.

As a resident on a School Street, can I drive in and out of a School Street at times of operation?

Yes, residents with a vehicle that has been registered to their address via the DVLA can drive into or out of a School Street during the hours of operation because they will have been added to the exemption list.

What if I live on a School Street and I'm using a hire car?

If you have hired a vehicle, for example a Zipcar, it will not be on the exemption list because it won't be registered to your address via the DVLA. However, if you need to use a hire car during times of operation, you can apply for an exemption by emailing parkingservices@westminster.gov.uk with the subject line: 'School Street Exemption Request'.

If I am a resident and have visitors coming, where should they park during the times of operation?

Please inform your visitors about the times of operation. They can park on surrounding

roads or enter and exit outside the times of operation. However, if a visitor has a Blue or White Badge, they will be able to drive in and out during the times of operation.

Does this affect rubbish and recycling collections?

Rubbish and recycling collections will continue as normal outside the times of operation of the School Streets.

Does this affect deliveries?

All delivery vehicles need to adhere to the School Street's times of operation. If you can, please schedule deliveries outside the hours of operation. During the hours of operation, delivery drivers can park on surrounding roads and still make deliveries. The main delivery companies will be contacted to inform them of the times of operation of the School Streets.

How long will the scheme last?

The trial of School Streets was implemented in January 2022 using Experimental Traffic Orders for up to 18 months. We are continuously reviewing them, and your feedback will help us with this.

How do I provide feedback about School Streets?

Please visit our website for more information and to fill in the feedback form: westminster.gov.uk/school-streets
