Representation

We object to this application for a new licensed premises, we are concerned that granting any new licences in this area will have a negative impact on the licensing objectives and increase cumulative impact.

Soho has the highest concentration of licensed premises in Westminster, **478** with a large proportion (25%) being late night licences. Since 2020 to 2022, **38 new licences have been granted in previously unlicensed premises accommodating over 2,531** people and adding to cumulative impact. Of the **38 new licences, 5 were granted outside core hours, capacity 781**. The area is densely populated at night with people creating loud levels of noise causing disturbance, alongside an increase in crime, disorder and anti-social behaviour.

It is within this context the Soho Society objects to this application for a brand new licensed premises.

However, we will withdraw this objection if the applicant agrees to the following personal condition, which we consider to be an appropriate request when considering the ever increasing number of new licensed premises in Soho.

'Licence intended for use by Namaiki only and to be surrendered when they leave the premises'

Residents

There are real concerns amongst residents about the ever increasing numbers of licensed premises, they have been subjected to noise disturbance and anti-social behaviour that is beyond acceptable levels. They are disturbed by the late night activity as people walk by either shouting, screaming or arguing, noise from pedicabs, car doors slamming, horns honking and are subjected to anti-social behaviour with people vomiting and urinating in the street and in their doorways.

We know residents who live on this street are already disturbed by patrons visiting other premises nearby, and by people as they leave other premises in the area who are usually intoxicated, shouting or screaming as they pass by to continue their night out or while they wait to be picked up by taxis, the addition of more people later at night will create more disturbance.

With all of the above it is unsurprising residents experience sleep disturbance, a recent survey conducted by the Soho Society confirms that residents are disturbed by noise at night and this is having a negative impact on their lives. 87 people responded of which 78 are Soho residents with ages spread fairly evenly from 22 to 80, 59% having lived in Soho for more than 10 years.

When asked about disturbed sleep; 24% of respondents have their sleep disturbed 7 nights a week, 16% 5 or 6 nights a week and 19% 3 or 4 nights a week.

Furthermore, 64% of respondents agreed that noise nuisance from increased commercial activity at night is the most serious problem impacting Soho residents quality of life.

62% of respondents agreed that the council should not grant any extensions of hours for premises in Soho.

60% of respondents agreed that noise nuisance and sleep deprivation is adversely impacting my health and the health of the people they live with.

46% of respondents agreed that noise nuisance is so bad that they have considered moving away from Soho.

The full survey can be found in **Appendix 1**.

Crime and Disorder

The Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, **it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average.** The level of crime, disorder and anti social behaviour continues to be a huge problem in Soho, the crime figures are high and increasing. The recent police crime report for December 2022 highlights Soho as having the highest number of robberies, overall knife crime and violence against the person compared to other areas within the CIZ. The Committee will be aware of another recent serious incident on Greek Street where two police officers were stabbed which appears to be linked to the drugs trade, this follows on from another serious incident in the same street where a man was seriously injured. This highlight and confirms what residents already know about how unsafe Soho is at night.

In Soho the majority of robberies take place at night, people are targeted as they leave venues. Alongside the robberies and assaults drug dealing is a huge problem with groups of dealers congregating to sell drugs to people as they leave premises or as people pass by. There are more dealers in the area at night than during the day, this is directly linked to the large number of venues and people which creates the drugs market. Pickpockets also operate in the area, they are a part of a well organised criminal group who arrive in a van at night and disperse into Soho before returning to be driven away.

It is well known that intoxicated people become victims of crime, their vulnerability being exploited by gangs or individuals who are in Soho explicitly to target them. We believe patrons leaving this bar at night will be at high risk of becoming victims.

Cumulative Impact Policy CIP1

This

area has been identified by the Westminster City Council as under stress because the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The evidence presented in the Cumulative Impact Assessment 2020 is overwhelming, it describes the high level of cumulative impact in the West End Zone between 2017-2019. It concludes that,

'After consideration of the cumulative impact assessment it is the Licensing Authority's view that the number of premises licences in the West End, are such that it is likely granting further types of licences or varying existing licences would be inconsistent with the authority's duty to promote the licensing objectives. The granting of licences for certain types of operation that are likely to add to Cumulative Impact within these areas would not be consistent with the Licensing Authority's duty under the Licensing Act 2003.'
(p.19) (Our emphasis)

This evidence supported further policy restrictions in the West End, however, the impact of COVID-19 resulted in the Licensing Authority deciding not to implement greater restrictions at this stage, but it may in the lifetime of the policy if footfall moves toward pre-March 2020 levels (D1). Soho is fully open for business and thriving, our observation is Soho attracts more people now than at pre-COVID times.

The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy).

D23. *'The proximity of residential accommodation is a general consideration with regard to the prevention of public nuisance. It goes on, 'The nature of cumulative impact is that it is cumulative and affects not only the immediate vicinity of the premises, but the wider area; thus the number of people visiting the premises, the nature of licensable activities and the lateness of operations have an impact on an area as a whole, irrespective of whether or not there is residential accommodation in proximity to the premises.'* (our emphasis)

It is important to note the policy relates to the global effects of alcohol licences in the whole

impact zone and not just a part of it.

As a new restaurant in the cumulative impact zone the applicant has to demonstrate they will not add to cumulative impact, it appears to us that the proposal of MC66 is taken as almost a de facto demonstration that there will be no addition to cumulative impact. We do not believe that this is consistent with the cumulative impact policy, which acknowledges that RNT1 uses are a lower risk than some other types, but not that they are of **no** risk and especially considering the year on year increase in numbers, **21 new licensed restaurants/cafés having opened between 2020 to 2022.**

In summary

This

is an application for a new licensed premises in the West End Cumulative Impact Zone, any increase in the number of licences and people in the area will fail to promote the licensing objectives and increase cumulative impact.

We will withdraw this objection if the applicant agrees to the personal use condition as proposed above.

Yours faithfully,

Licensing Committee
The Soho Society

Topping the list in September was people drinking in the street with 54 mentions, then pedicabs with 51, waste collections at 48, construction noise 36 and car horns 33 and deliveries at 25.

Other noise sources identified were air conditioning, motorbikes revving, building alarms and music from licensed venues. The most common identified problem at 42% of respondents was people drinking and shouting in the street.

62% of respondents agreed that the council should not grant any extensions of hours for premises in Soho

68% of respondents agreed that the council should renew its noise strategy as a matter of urgency

Many respondents made additional comments:-

I left Soho 4 years ago. After 20 years, the noise & air pollution finally broke me. Like the frog in the pan of water with the heat gradually turned up, it took me a while to realise that it wasn't me going soft, it was the significant degradation of the environment around me. Since moved out of my flat, several other tenants have moved in & swiftly out again citing sleep disruption & excessive night noise as their reason for leaving. The flat is now used as an office rather than as residential.

I am disappointed that another restaurant unit is going to be let on Hopkins Street by Shaftesbury when the residents already have an enormous amount of noise from the existing restaurants. No doubt they will also want an alcohol license, which will increase the noise and disturb residents even more.

As a disabled person working from home, I find it extremely exhausting not able to have rest at night, Screams and noise of drunk people every night, The Landlord WCC does not want to change the windows to a double glazing nor allow tenants to pay privately for windows to be upgraded. Noise at home, lack of sleep, and concentration in the day time. I have a hand held noise monitor, I recorded noise levels of 97db outside the pub at the corner of Broadwick and Berwick Streets.

More consideration needs to be given to residents from councillors, people visiting the area and local businesses in particular those who serve alcohol and have late night licences. Decisions such as granting planning and licence applications should not be made by people who do not live in the area and are therefore not impacted by the decision making.

Very difficult to get the local authority to understand and take complaints seriously. Officers often helpful but then the case goes to committee and they always seem to rule in favour of the commercial premises rather than residents.

There is supposed to be a presumption to refuse new licences but in practice the council still lets new things through until after Midnight, which is far too late and has made a nonsense of the policy.

There should be a quiet window of 11pm to 8am every day. 7am deliveries are far too early for a lot of people if they are noisy or use cages or refrigeration.

I live in Marshall St and overlook it. Regularly now (most nights) there are traffic jams in the street at 3am in the morning with cars picking up people leaving clubs. The cars frequently are using their horns. Last night they had their door open with music blaring. we have 2 motorbike stands close together. 1 in Broadwick St and 1 in Marshall St. There is always at least one bike revving up at either 3am or really early like 530am This noise has changed and increased over the past 3-4 years. I am woken up most nights at about 3am. And i have double glazing and am on [a high] floor.

Businesses take no responsibility for their customers drinking/eating and mainly shouting outside, including when they are queuing, and particularly when they are leaving. Post al fresco, there is a new attitude that anything goes on the streets and that includes contempt for the community who live here. The Council need to rethink this and put some major resource into enforcement.

I've lived in Soho for 60 years... Born and bred.. It's never been this noisy!

Early hours waste collections (including bottle smashing) also includes the food & beverage businesses putting their waste in the street and bottle bins at anti-social hours ahead of collection times. Our local restaurants are not supposed to put bottles out between the hours of 23:00 and 07:00 but they frequently do. Frequently delivery trucks some with noisy refrigeration units are also delivering early hours.

Also deliveries & pedicabs. Unfortunately my lack of sleep due to noise has caused serious health issues and I now cannot work and suffer anxiety and depression. I'm woken up on average 5 times per night and have considered suicide. Why I'm being denied sleep between the hours of 11pm and 7am astonishes me. The freeholders Shaftesbury Carnaby show a total disrespect to the effects that noise has on the residents of Soho

3. Policy & Guidance

The following policies within the City Of Westminster Statement of Licensing Policy apply:	
Policy CIP1 applies	<p>A. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone for: pubs and bars, fast food premises, and music and dancing and similar entertainment, other than applications to:</p> <ol style="list-style-type: none"> 1. Vary the hours within Core Hours under Policy HRS1, and/or 2. Vary the licence to reduce the overall capacity of the premises. <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
Policy HRS1 applies	<p>A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:</p> <ol style="list-style-type: none"> 1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm. 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation. 3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed. 4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises. 5. The proposed hours when any music, including incidental music, will be played. 6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises. 7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity. 8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night. 9. The capacity of the premises. 10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation. 11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely. 12. Conditions on hours may be attached that require that the supply

	<p>of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.</p> <p>13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.</p> <p>14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.</p> <p>C. For the purpose of Clauses A and B above, the Core Hours for applications for each premises use type as defined within this policy are:</p> <p>8. Restaurants Monday to Thursday: 9am to 11.30pm. Friday and Saturday: 9am to 12am. Sunday: 9am to 10.30pm. Sundays immediately prior to a bank holiday: 9am to 12am.</p> <p>D. Core hours are when customers are permitted to be on the premises and therefore the maximum opening hours permitted will be to the same start and terminal hours for each of the days where licensable activity is permitted.</p> <p>E. For the purposes of this policy, 'premises uses' are defined within the relevant premises use policies within this statement.</p>
<p>Policy RNT1 applies</p>	<p>A. Applications outside the West End Cumulative Impact Zone will generally be granted subject to:</p> <ol style="list-style-type: none"> 1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1. 2. The hours for licensable activities being within the council's Core Hours Policy HRS1. 3. The operation of any delivery services for alcohol and/or latenight refreshment meeting the council's Ancillary Delivery of Alcohol and/or Late-Night Refreshment Policy DEL1. 4. The applicant has taken account of the Special Consideration Zones Policy SCZ1 if the premises are located within a designated zone. 5. The application and operation of the venue meeting the definition of a restaurant as per Clause C. <p>B. The applicant has demonstrated that they will not add to cumulative impact within the Cumulative Impact Zone. 5.
