2. Representations

2-A Responsible Authorities	
Responsible Authority:	Licensing Authority
Representative:	Roxsana Haq
Received:	15 September 2023

I write in relation to the application submitted for a variation of the premises licence for **White Horse Public House, 45 Rupert Street, London W1D 7PB**

As a responsible authority under section 13 (4) of the Licensing Act 2003 as amended under the Police and Social Responsibility Act 2011, the Licensing Authority have considered your application in full. The Licensing Authority has concerns in relation to this application and how the premises would promote the four Licensing Objectives:

- Public Nuisance
- Prevention of Crime & Disorder
- Public Safety
- Protection of children from harm

The application seeks to vary the following:

1. To extend the hours for the sale of alcohol on Friday and Saturday until 23:30 hours
2. Extend the premises opening hours and Late night refreshment on Friday and Saturday until 00:00
3. Update the premises operating schedule to include Westminster model conditions and remove all old conditions.
4. To add non-standard timings for all licensable activities (including opening hours) to extend for New Year's Eve.

The premises are located within the West End Cumulative Impact Zone and as such various policy points must be considered, namely CIP1, HRS1 and PB1.

Policy PB1(B) states

B. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than:

1. Applications to vary the existing licence hours within the council's Core Hours Policy HRS1.
2. Applications that seek to vary the existing licence so as to reduce the overall capacity of the premises.

C. The applications referred to in Clause B1 and B2 will generally be granted subject to:

1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1, and/or,
2. The operation of any delivery services for alcohol and/or late night refreshment meeting the council's Ancillary Delivery of Alcohol and/or Late-Night Refreshment Policy DEL1.
3. The application and operation of the venue continuing to meet the definition of a Public House or Bar in Clause D.

D. For the purposes of this policy a Public House or Bar is defined as a premises, or part of a premises that's primary use is the sale or supply of alcohol for consumption on those premises and/or for consumption off the premises for consumption outside the venue.

The Licensing Authority note that the proposed variation does fall within Westminster's core hours for Pubs and Bars.

The Core hours for Pubs and Bars are:

Monday to Thursday: 10am to 11.30pm.

Friday and Saturday: 10am to Midnight.

Sunday: Midday to 10.30pm.

Sundays immediately prior to a bank holiday: Midday to Midnight.

The Licensing Authority encourages the applicant to provide further submissions as to how the increase the terminal hour of Friday and Saturday evenings will not add to cumulative impact in the West End cumulative impact area, in accordance with policy CIP1.

The Licensing Authority would like submissions from applicant in regard to the above questions so the application can be assessed further against any further relevant policy considerations.

The Licensing Authority looks forward to receiving further submissions from the applicant in due course.

Please accept this as a formal representation.

Responsible Authority:	Environmental Health
Representative:	Sally Fabbricatore
Received:	18 September 2023

I refer to the variation Premises Licence for the above premises. The premises already benefits from a premises licence 22/06761/LIPDPS.

The premises is situated in the West End Cumulative Impact Zone.

This representation is based on the Operating Schedule, no further layout plans have been submitted.

The applicant is seeking the following:

1. To extend the terminal hour for the Supply of Alcohol (both on and off the premises) by 30 minutes on Friday and Saturday until 23:30 hours.
2. To extend the terminal hour for Late Night Refreshment by 30 minutes on Friday and Saturday until 00:00 hours.
3. To allow licensable activity from the end of permitted hours on New Year's Eve to the start of permitted hours on New Year's Day.
4. To remove and replace conditions.

I wish to make the following representation in relation to the above application:

1. No representation.
2. No representation.
3. No representation.
4. No representation.

The extension of hours on Friday and Saturday is not against the Licensing Policy as this is within the core hours policy and is an existing premises. Further model conditions have been proposed which promote the licensing objectives. A history check of the premises has been undertaken and there is no adverse history to report. Therefore, no representation is raised.

Received:	19 September 2023

Representation The Soho Society requests Councillors on the panel to carefully consider our concerns about this application for a variation to the applicant's premises licence (public house) on Friday and Saturday nights (and New Year's Eve), namely: Fridays and Saturdays only: increase late-night refreshment from 23:30 to 00:00; increase supply of alcohol from 23:00 to 23:30; and opening hours from 23.30 to 00:00.

These may seem small increases but Soho is saturated with alcohol licences and the resulting ASB and crime and every increase adds to the cumulative impact of inebriated visitors on Soho streets (it cannot logically do otherwise). Members of the panel will be aware of the high – and increasing – levels of crime on Soho's streets (detailed below). This week the police have reported two more serious incidents in Soho and immediately adjacent (Leicester Square).

There are residents in Rupert Street and the streets off Rupert Street and two blocks of social housing are immediately adjacent: St James's Residences with its entrance round the corner in Brewer St and Archer Street Chambers in Archer Street.

But an increase in numbers of people leaving licensed establishments later into the night do not only affect those living in the immediate vicinity, but also those living in other Soho streets at some distance from an establishment as people drinking in one establishment will go on to drink at other establishments in the area, making Soho's streets increasingly unsafe and unpleasant for residents and visitors alike.

Rupert Street has a reputation as a crime hot spot and we object to this application to extend the operating hours of this public house to 12am on Fridays and Saturdays for the above reasons. This extension will fail to promote the licensing objectives and will increase cumulative impact in the West End Cumulative Impact Zone. (See Appendix 1 Crime and Disorder and Appendix 2 Cumulative Impact)

Soho has 487 licensed premises (and climbing). The effect of cumulative impact is that there is increased noise and anti-social behaviour including urinating and vomiting. Further details to back up our objection are contained in the appendices. We urge the panel to take note of the contents of the appendices particularly anyone who is not familiar with Soho after 11pm on Fridays and Saturdays.

- Appendix 1: Crime and Disorder**
- Appendix 2: Cumulative Impact**
- Appendix 3: Soho Society Sleep Survey Results**
- Appendix 4: The Soho Society**

Appendix 1 : Crime and Disorder

The Cumulative Impact Assessment 2020 presents overwhelming evidence of the year on year increase in cumulative impact in the West End Zone 1, it highlights the rate of crime as 10 - 13 times higher between 6pm - 6am compared to the borough average. The level of crime, disorder and anti social behaviour continues to be a huge problem in Soho, the crime figures are high and rising. The recent police crime reports for April /May shows current levels of alcohol related assaults, sexual assaults and robberies within the West End area are now higher than at pre-COVID levels. The peak times for crime being between **11pm - 3am**.

In Soho the majority of robberies take place at night, people are targeted as they leave venues. Alongside the robberies and assaults drug dealing is a huge problem with groups of dealers congregating to sell drugs to people as they leave premises or as they pass by. There are more dealers in the area at night than during the day, this is directly linked to the large number of venues and people which creates the drugs market. Pickpockets also operate in the area, they are a part of a well organised criminal group who arrive in a van at night and disperse into Soho before returning to be driven away.

It is well known that intoxicated people become victims of crime, their vulnerability being exploited by gangs or individuals who are in Soho explicitly to target them. We believe patrons leaving this cafe at night will be at high risk of becoming victims of crime.

Appendix 2: Cumulative Impact This area has been identified by the Westminster City Council as under stress because the cumulative effect of the concentration of late night and drink led premises and night cafes has led to serious problems of disorder and/or public nuisance affecting residents, visitors and other businesses. The evidence presented in the Cumulative Impact Assessment 2020 is overwhelming, it describes the high level of cumulative impact in the West End Zone between 2017-2019. It concludes that,

'After consideration of the cumulative impact assessment it is the Licensing Authority's view that the number of premises licences in the West End, are such that it is likely granting further types of licences or varying existing licences would be inconsistent with the authority's duty to promote the licensing objectives. The granting of licences for certain types of operation that are likely to add to Cumulative Impact within these areas would not be consistent with the Licensing Authority's duty under the Licensing Act 2003.'
(p.19) (our emphasis)

In any applications for an alcohol licence in the Cumulative Impact Zone, the applicant is required to demonstrate that the application will not increase the Cumulative Impact. The analysis in the Cumulative Impact Assessment 2020 showed a very strong correlation between the number of licences and the extent to crime, violence and anti-social behaviour generally. This data means that impact is increased by any additional drinkers.

It states **for every additional licence premises** the analysis will continue to show that reported **incidents are likely to increase by something between 6% and 17% and crimes to increase by over 10%.**

The policies in relation to the cumulative impact zone are directed at the global and cumulative effects of licences on the area as a whole (D16. of the policy).

D23. *'The proximity of residential accommodation is a general consideration with regard to the prevention of public nuisance. It goes on, 'The nature of cumulative impact is that it is cumulative and affects not only the immediate vicinity of the premises, but the wider area; thus the number of people visiting the premises, the nature of licensable activities and the lateness of operations have an impact on an area as a whole, irrespective of whether or not there is residential accommodation in proximity to the premises.'* (our emphasis)

It is important to note the policy relates to the global effects of alcohol licences in the whole impact zone and not just a part of it.

Appendix 3: Soho Society Sleep Survey Results - 31st October 2022

This survey conducted by the Soho Society confirms that residents are disturbed by noise at night and this is having a negative impact on their lives.

87 people responded of which 78 are Soho residents with ages spread fairly evenly from 22 to 80.

59% have lived in Soho more than 10 years
26% between 3 and 10 years
6% between 1 and 3 years and
9% have lived here less than a year
42% own their homes
20% are Soho Housing Association and the rest tenants with other landlords
10 respondents have children living at home with them 58% have double glazing
37% single glazing
5% have triple glazing

24% of respondents have their sleep disturbed 7 nights a week
16% of respondents have their sleep disturbed 5 or 6 nights a week
19% of respondents have their sleep disturbed 3 or 4 nights a week
19% of respondents have their sleep disturbed once or twice a week
20% do not have a problem with environmental noise pollution

Topping the list in September was people drinking in the street with 54 mentions, then pedicabs with 51, waste collections at 48, construction noise 36 and car horns 33 and deliveries at 25. Other noise sources identified were air conditioning, motorbikes revving, building alarms and music from licensed venues. The most common identified problem at 42% of respondents was people drinking and shouting in the street.

64% of respondents agreed that noise nuisance from increased commercial activity at night is the most serious problem impacting Soho residents quality of life

46% of respondents agreed that noise nuisance is so bad that they have considered moving away from Soho

60% of respondents agreed that noise nuisance and sleep deprivation is adversely impacting my health and the health of the people they live with.

67% of respondents agreed that the council should base its noise policy on the World Health Organisation guidelines

64% of respondents agreed that our ward councillors should make this their priority during the next four years

69% of respondents agreed that during the time I have lived in Soho noise pollution has got significantly worse
73% of respondents agreed that if noise limits are being exceeded the council should consider reviewing existing alcohol licences

72% of respondents agreed that the council should install electronic noise monitoring in Soho

56% of respondents agreed that the council should not grant additional premises licence for the sale of alcohol in Soho.

62% of respondents agreed that the council should not grant any extensions of hours for premises in Soho

68% of respondents agreed that the council should renew its noise strategy as a matter of urgency Many respondents made additional comments:-

I left Soho 4 years ago. After 20 years, the noise & air pollution finally broke me. Like the frog in the pan of water with the heat gradually turned up, it took me a while to realise that it wasn't me going soft, it was the significant degradation of the environment around me. Since moved out of

my flat, several other tenants have moved in & swiftly out again citing sleep disruption & excessive night noise as their reason for leaving. The flat is now used as an office rather than as residential.

I am disappointed that another restaurant unit is going to be let on Hopkins Street by Shaftesbury when the residents already have an enormous amount of noise from the existing restaurants. No doubt they will also want an alcohol license, which will increase the noise and disturb residents even more.

As a disabled person working from home, I find it extremely exhausting not able to have rest at night, Screams and noise of drunk people every night, The Landlord WCC does not want to change the windows to a double glazing nor allow tenants to pay privately for windows to be upgraded. Noise at home, lack of sleep, and concentration in the day time. I have a hand held noise monitor, I recorded noise levels of 97db outside the pub at the corner of Broadwick and Berwick Streets.

More consideration needs to be given to residents from councillors, people visiting the area and local businesses in particular those who serve alcohol and have late night licences. Decisions such as granting planning and licence applications should not be made by people who do not live in the area and are therefore not impacted by the decision making.

Very difficult to get the local authority to understand and take complaints seriously. Officers often helpful but then the case goes to committee and they always seem to rule in favour of the commercial premises rather than residents.

There is supposed to be a presumption to refuse new licences but in practice the council still lets new things through until after Midnight, which is far too late and has made a nonsense of the policy.

There should be a quiet window of 11pm to 8am every day. 7am deliveries are far too early for a lot of people if they are noisy or use cages or refrigeration.

I live in Marshall St and overlook it. Regularly now (most nights) there are traffic jams in the street at 3am in the morning with cars picking up people leaving clubs. The cars frequently are using their horns. Last night they had their door open with music blaring. we have 2 motorbike stands close together. 1 in Broadwick St and 1 in Marshall St. There is always at least one bike revving up at either 3am or really early like 530am This noise has changed and increased over the past 3-4 years. I am woken up most nights at about 3am. And i have double glazing and am on [a high] floor.

Businesses take no responsibility for their customers drinking/eating and mainly shouting outside, including when they are queuing, and particularly when they are leaving. Post al fresco, there is a new attitude that anything goes on the streets and that includes contempt for the community who live here. The Council need to rethink this and put some major resource into enforcement.

I've lived in Soho for 60 years... Born and bred.. It's never been this noisy!

Early hours waste collections (including bottle smashing) also includes the food & beverage businesses putting their waste in the street and bottle bins at anti-social hours ahead of collection times. Our local restaurants are not supposed to put bottles out between the hours of 23:00 and 07:00 but they frequently do. Frequently delivery trucks some with noisy refrigeration units are also delivering early hours.

Also deliveries & pedicabs. Unfortunately my lack of sleep due to noise has caused serious health issues and I now cannot work and suffer anxiety and depression. I'm woken up on average 5 times per night and have considered suicide. Why I'm being denied sleep between

the hours of 11pm and 7am astonishes me. The freeholders Shaftesbury Carnaby show a total disrespect to the effects that noise has on the residents of Soho.

Appendix 4 : The Soho Society The Soho Society is a charitable company limited by guarantee established in 1972. The Society is a recognised amenity group and was formed to make Soho a better place to live, work or visit by preserving and enhancing the area's existing diversity of character and uses, and by improving its facilities, amenities and environment.

Vary the hours within Core Hours under Policy HRS1, and/or 2. Vary the licence to reduce the overall capacity of the premises. <p>C. Applications for other premises types within the West End Cumulative Impact Zones will be subject to other policies within this statement and must demonstrate that they will not add to cumulative impact.</p> <p>D. For the purposes of this policy the premises types referred to in Clause A are defined within the relevant premises use policies within this statement.</p>
<p>Hours Policy HRS1 applies</p>	<p>A. Applications within the core hours set out below in this policy will generally be granted for the relevant premises uses, subject to not being contrary to other policies in the Statement of Licensing Policy.</p> <p>B. Applications for hours outside the core hours set out in Clause C will be considered on their merits, subject to other relevant policies, and with particular regard to the following:</p> <ol style="list-style-type: none"> 1. The demonstration of compliance in the requirements of policies CD1, PS1, PN1 and CH1 associated with the likelihood of the effect of the grant of a licence for later or earlier hours on crime and disorder, public safety, public nuisance and the protection of children from harm. 2. If the application is located within a Special Consideration Zone they have demonstrated that they have taken account of the issues identified in that area and provided adequate mitigation. 3. Whether there is residential accommodation in the proximity of the premises that would likely be adversely affected by premises being open or carrying out operations at the hours proposed. 4. The proposed hours of the licensable activities and when customers will be permitted to remain on the premises. 5. The proposed hours when any music, including incidental music, will be played. 6. The hours when customers will be allowed to take food or drink outside the premises or be within open areas which form part of the premises. 7. The existing hours of licensable activities and the past operation of the premises (if any) and hours of licensable premises in the vicinity. 8. Whether customers and staff have adequate access to public transport when arriving at and leaving the premises, especially at night. 9. The capacity of the premises. 10. The type of use, recognising that some venues are more likely to impact the licensing objectives than others; for example, pubs and bars are higher risk than theatres, cinemas and other cultural and sporting venues due to the nature of the operation. 11. The Licensing Authority will take into account the active measures proposed for a 'winding down' period including arrangements for people to be collected from the premises to travel home safely. 12. Conditions on hours may be attached that require that the supply of alcohol for consumption on the premises ceases a suitable period of time before customers are required to leave the premises.

	<p>13. The council, acting as the Licensing Authority, may reduce hours if, after review, it is necessary to impose conditions specifying shorter hours in order to promote the licensing objectives.</p> <p>14. Specific days for non-standard hours should be identified and justified as part of the application to allow responsible authorities and interested parties to evaluate the impact that these licensable activities may have, and to plan accordingly. The consideration of applications for later hours for Bank Holiday Mondays will take into account that later hours are generally granted for preceding Sundays and that the next day is a working day. Non-specific days are expected to be covered by Temporary Event Notices or variation applications.</p> <p>C. For the purpose of Clauses A and B above, the Core Hours for applications for each premises use type as defined within this policy are:</p> <p>6. Pubs and bars, Fast Food and Music and Dance venues Monday to Thursday: 10am to 11.30pm. Friday and Saturday: 10am to Midnight. Sunday: Midday to 10.30pm. Sundays immediately prior to a bank holiday: Midday to Midnight.</p>
<p>Policy PB1(B) applies</p>	<p>B. It is the Licensing Authority's policy to refuse applications within the West End Cumulative Impact Zone other than:</p> <ol style="list-style-type: none"> 1. Applications to vary the existing licence hours within the council's Core Hours Policy HRS1. 2. Applications that seek to vary the existing licence so as to reduce the overall capacity of the premises. <p>C. The applications referred to in Clause B1 and B2 will generally be granted subject to:</p> <ol style="list-style-type: none"> 1. The application meeting the requirements of policies CD1, PS1, PN1 and CH1, and/or, 2. The operation of any delivery services for alcohol and/or latenight refreshment meeting the council's Ancillary Delivery of Alcohol and/or Late-Night Refreshment Policy DEL1. 3. The application and operation of the venue continuing to meet the definition of a Public House or Bar in Clause D. <p>D. For the purposes of this policy a Public House or Bar is defined as a premises, or part of a premises that's primary use is the sale or supply of alcohol for consumption on those premises and/or for consumption off the premises for consumption outside the venue.</p>

Samuel Smith (Southern) (the “Applicant”)

Application to vary a Premises Licence

White Horse Public House (the “Premises”)

Applicant’s Written Submissions

This statement is made in support of an application to vary a premises licence with the intention of outlining the Applicant’s case and seeking to address the concerns of those maintaining representations.

Amplification of the points made below, together with further submissions, will be made orally at the licensing sub-committee hearing if all representations are not withdrawn.

Background & Layout

The Applicant is a longstanding independent brewery which takes a long-term view. It is unique in that it only stocks it owns products (including soft drinks and snacks) and has a staunchly traditional approach to its pubs in that they do not play any music, nor have televisions, nor permit laptops to be used. The whole ethos is that local communities can enjoy spending time together without unwanted distractions. By not playing music and showing television, the pubs do not attract trouble. Current food and drinks menus are at **appendix 1**.

The current layout plans have not changed for decades. The Premises is over five floors with the layout as follows:

- Basement - Back of house with male and female W.Cs
- Ground - Large central island bar with loose furniture
- First Floor- A further bar and dining area
- Second Floor - Trade kitchen and staff accommodation
- Third Floor - Managers and staff accommodation

Approximate capacity across the two trading floors is 120. Unusually for central London there is spacious staff accommodation. Pictures of the public areas are at **appendix 2**.

The Application

This is a relatively simple application to extend the hours for the sale of alcohol until 23.30 on Friday and Saturday with closing 30 minutes after that. Late night refreshment is also sought until midnight on those days. This is within Core Hours (as defined in the Statement of Licensing Policy). The Applicant rarely seeks to amend its licences. However, with the country's current economic issues and patrons attending the Premises less often, but wishing to stay later, it considers that it necessary to seek to extend the hours from the old on-licence hours prescribed by the Licensing Act 1964.

Given that the existing licence conditions are virtually non-existent, seventeen model conditions have been proffered to ensure that the premises licence better upholds the four licensing objectives.

Representations

The concerns raised by the Soho Society and Licensing Authority and the Applicant's comments are as follows:

General Concerns with crime rates and noise disturbance in Soho

The Applicant accepts that there is anti-social behaviour in Soho. However, it does not accept that its patrons are adding to it. The Applicant's offer is simply not attractive to a 'party going' crowd that could be a focus for drug dealers and pedicabs. Instead, it is one of the few traditional pubs left in Soho where friends and family can go for a drink or a meal in a comfortable, quiet, environment which is conducive to conversation. In other words, a moderating influence on the large number of late-night, vertical drinking establishments which offer loud music and drinks promotions. Tellingly, for as long as management can remember, there has been no reason to call the Metropolitan Police in respect of any patrons behaving badly, nor have there been any visits from other WCC officers.

The new conditions proffered will ensure that this remains the case and the Applicant has developed a Dispersal Policy (a draft of which is at **appendix 3**) as per the proposed condition.

Cumulative Impact

Before making this application, the Statement of Licensing Policy was considered. There is no policy to refuse applications to vary the existing licensed hours for public houses within the Core Hours, as is being proposed. It goes on to say that such applications 'will generally be granted' subject to meeting the policies relating to the four licensing objectives, the delivery of alcohol policy (which is not relevant to this application) and to meeting the definition of a public house (which is not in question).

Regarding the four licensing objectives, the Applicant suggests that public safety is not a relevant concern and, with no adult entertainment, nor evidence of underage sales, neither is the protection of children from harm objective. This leaves the prevention of crime and disorder and public nuisance.

The risk of crime and disorder has been addressed above. There is no representation from the Metropolitan Police and, put simply, there is no suggestion that the Premises is currently adding to the crime and disorder issues in Soho, nor is there any evidence that a modest increase in hours within Core will see this change. The draft Cumulative Impact Assessment has also been considered. The Applicant notes that, whilst the Premises is not located within Haymarket or North Soho which has less prevalent crime than Soho as a whole, nor is it located within the hot spots of Old Compton Street, Greek Street and Frith Street or Leicester Square.

Regarding the prevention of public nuisance, there is no representation from the 'independent experts', namely Environmental Health. This is not surprising as, with no music and modern extraction there have been no complaints in respect of noise, vibration or smells. Furthermore, the Applicant is seeking to reduce the hours patrons are permitted to drink outside.

The Applicant would therefore submit that the requirements of the Statement of Licensing Policy are met.

Financial Considerations

Whilst the Applicant has a long history, it is not immune to financial pressures. Whilst Soho might appear busy, especially in the last few months, takings are down considerably and patrons are coming out later. Utility and staffing costs have also increased significantly, whilst the move to hybrid working for most offices in the area, means that volumes of trade on Fridays have decreased. These economic factors can properly be considered in a licensing determination. In R (o/a/o Hope and Glory Public House Ltd) v City of Westminster Magistrates' Court and Others [2011] EWCA Civ 31, the Court of Appeal (per Toulson LJ) observed that [at 42]:

*'Licensing decisions often involve weighing a variety of competing considerations: the demand for licensed establishments, **the economic benefit to the proprietor and to the locality by drawing in visitors and stimulating the demand**, the effect on law and order, the impact on the lives of those who live and work in the vicinity, and so on.'*

Conclusion

The Premises is one of relatively few pubs in the West End which has not already got a premises licence with Core Hours. Nevertheless, it has an excellent reputation and, with its commitment to traditional values, this is not set to change. There are no issues raised with the operation of the Premises itself. It is noted that no further conditions have been suggested but the Applicant would, of course, consider any suggestions made. Should anyone wish to discuss matters further prior to the licensing sub-committee hearing the writer can be contacted at Niall.McCann@keystonelaw.co.uk.
