3. BACKGROUND

- 3.1 This report presents a summary of the Pension Fund's performance to 31 December 2023.
- 3.2 The market value of investments increased by £111m to £1.907bn over the quarter to 31 December 2023, with the Fund returning 6.5% net of fees. The Fund outperformed the benchmark by 0.8% net of fees, with Quinbrook Renewable Infrastructure, London CIV Global MAC and Insight Buy and Maintain Bonds being the main contributors to outperformance. The Abrdn Long Lease Property and Man Group Community Housing funds underperformed their respective benchmarks by 12% and 1.2% net of fees.
- 3.3 Over the 12-month period to 31 December 2023, the Fund underperformed its benchmark net of fees by 1.1% returning 11.9%. This underperformance can be largely attributed to the Abrdn Long Lease Property, which underperformed its benchmark by 17.8%, owing to the detraction in long-dated property over the year. The CVC Credit Private Debt mandate performed well over the one-year period, returning 12.9% net of fees, outperforming the benchmark by 8.1%.
- 3.4 Over the longer three-year period to 31 December 2023, the Westminster Fund underperformed the benchmark net of fees by 2.0%, returning 3.1% net of fees. The main driver of this underperformance was the Baillie Gifford equity mandate, which returned -1.1% net of fees, in comparison to the MSCI World which generated returns of 8.2%.
- 3.5 It should be noted that the investment advisor, Isio, continues to rate the fund managers favourably.
- 3.6 Officers are pleased to report that the City of Westminster Pension Fund was successful in retaining its accreditation to the UK Stewardship Code. The UK Stewardship Code 2020 sets high stewardship standards for asset owners and asset managers, and for service providers that support them. As per the most recent update to the signatories, the Westminster Pension Fund is amongst only a handful of LGPS funds in London to achieve signatory status.
- 3.7 The estimated funding level for the Westminster Pension Fund decreased slightly to 156% at 31 December 2023 (160% at 30 September 2023).
