

Appendix 2 NCIL allocations recommended in this report by Neighbourhood Areas

Table 2 sets out the neighbourhood area pots with a recommended allocation in the Winter 2024 round.

Neighbourhood Area Pot	Current balance	Autumn 2023 Round Recommendations	Available after recommended allocations in this report
Fitzrovia West	262,063	28,600	233,463
Pimlico	165,625	36,000	129,625
Soho	486,135	50,000	436,135
Outside Areas	820,015	64,000	756,015

1 Table of recommended allocations in this report (Autumn 2023) by Neighbourhood Area, including area's current balance, recommended allocation, and available balance after recommended allocation.

As noted in the report, this report was submitted simultaneously with a report setting out recommendations for NCIL applications from the Winter 2024 round. Where a neighbourhood area pot has recommended allocations in both the Autumn 2023 and Winter 2024 rounds, this is set out in Table 3.

Balances and recommended allocations by neighbourhood area pots in Autumn 2023 and Winter 2024 reports

Neighbourhood Area Pot	Current balance	Autumn 2023 round recommended allocations	Winter 2024 round recommended allocations	Available after recommended allocations in both reports
Outside Neighbourhood Areas	820,015	64,000	121,046	634,969
Pimlico	165,625	36,000	20,955	108,670
Soho	486,135	50,000	60,376	375,759

2 Table of recommended allocations in reports for Autumn 2023 and Winter 2024 by Neighbourhood Area Pot, including area's current balance, recommended allocation, and available balance after recommended allocation
